John G. Johnson

MEMORANDUM

DATE: September 1, 2009

TO: 9-1-1 Technical Committee

FROM: Stephen M. Willoughby, Director
E9-1-1 & Public Safety Division

SUBJECT: Meeting Cancellation and System Replacement Status

Cancellation of September 8th Meeting

Due to the lack of action items for the 9-1-1 Technical Committee to consider at this time, the regularly scheduled September 8, 2009 9-1-1 Technical Committee meeting has been cancelled. Additional developments regarding the selection of the replacement solution for the regional 9-1-1 system will most likely require a special meeting of this group in October or November to be scheduled when appropriate.

Status of 9-1-1 System Replacement Project

9-1-1 ACOG recently notified microDATA, Inc. that we were at impasse and ceased negotiations related to RFP 2008-12 for 9-1-1 ACOG's E9-1-1 Information Delivery System and Software. Pursuant to the recommendation of the Selection Sub-Committee, staff has opened discussions with AT&T regarding their proposed Positron Viper 9-1-1.
