

NATIONAL TORNADO SUMMIT

FEB. 29 - MAR. 2, 2016

COX CONVENTION CENTER
OKLAHOMA CITY

A FORUM FOR EDUCATION AND PROFESSIONAL TRAINING IN TORNADO AND DISASTER PREPAREDNESS

What is the National Tornado Summit?

The National Tornado Summit is an annual event aimed at protecting lives and property from the devastating effects of tornadoes. By collaborating with experts from across the country, our goal is to mitigate the impact of severe weather. The National Tornado Summit brings together key players directly involved in preparing for, responding to and recovering from catastrophic events, including emergency managers, weather experts, insurance professionals and policymakers.

Event Highlights

- Two full days of general and breakout sessions
- Tour the National Weather Center in Norman, OK
- Tour the Oklahoma Emergency Operations Center
- Trade show featuring valuable resources, services and products
- Registration includes breakfast, lunch and a networking reception
- Ten hours of Continuing Education credit for insurance professionals

Who Should Attend?

Emergency Managers – You'll learn how to enhance public safety by improving your community's ability to prepare for, respond to and recover from tornadoes and severe weather. National experts will share the latest innovative emergency management strategies being used around the country and teach you how to put them into action in your community.

Weather Experts – For the fourth straight year, the National Tornado Summit also includes the National Severe Weather Workshop. The breakout sessions, organized by the National Oceanic and Atmospheric Administration (NOAA), focus on the latest technology, research and breakthroughs in severe weather forecasting, giving you the knowledge you need to better protect the public.

Insurance Professionals – This is an educational event that insurance producers and adjusters won't want to miss. From handling the onslaught of claims to improving claim handling results, the National Tornado Summit gives you the tools you need to effectively serve your clients and your company during a catastrophic event. You'll also have the opportunity to earn ten hours of Continuing Education credit.
