INTRODUCTION

The main purpose of the Americans with Disabilities Act (ADA) and Section 504 Compliance Plan is to establish policies and practices for implementing accessibility requirements in the programs and services of the Association of Central Oklahoma Governments (ACOG). The goal is to optimize the accessibility of ACOG’s programs and services and to assure compliance with all federal, state, and local regulations and standards.

The ADA/504 requires that ACOG provide nondiscrimination assurances, designate an employee responsible for compliance, and adopt a grievance procedure. The main purposes of this Compliance Plan are to establish our commitment to providing accessibility and to describe the procedures for persons to file a grievance.
ASSURANCES

TITLE II ASSURANCE

The Association of Central Oklahoma Governments (ACOG) assures that no qualified person with a disability shall, solely by reason of their disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity administered by the ACOG.

Specifically, the following discriminatory actions are prohibited:

1) In providing any aid, benefit, or service, ACOG will not directly or through contractual, licensing, or other arrangements, on the basis of disability:
   a. Deny a qualified person with a disability the opportunity to participate in or benefit from the aid, benefit or service.
   b. Afford a qualified person with a disability an opportunity to participate in or benefit from the aid, benefit, or service that is not substantially equal to that afforded persons who do not have a disability.
   c. Provide a qualified person with a disability an aid, benefit or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as persons without disabilities.
   d. Provide different or separate aid, benefits, or services to persons with disabilities or to any class of persons with disabilities unless such action is necessary to provide the aids, benefits or services that are as effective as those provided to persons without disabilities.
   e. Aid or perpetuate discrimination against a qualified person with a disability by providing financial or other assistance to an agency, organization, or person that discriminates on the basis of disability.
   f. Deny a qualified person with a disability the opportunity to participate in conferences, planning or advising opportunities.
   g. Otherwise limit a qualified person with a disability in the enjoyment of any right, privilege, advantage or opportunity enjoyed by others receiving an aid, benefit, or service.

2) For purposes of these assurances, aids, benefits, and services, to be equally effective, are not required to produce the identical result or level of achievement for disabled and nondisabled persons, but must afford persons with disabilities equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement, in the most integrated setting that is reasonable achievable.

3) Even if separate or different aids, benefits or services are available to persons with a disability, ACOG will not deny a qualified person with a disability the opportunity to participate in the programs or activities that are not separate or different.

4) ACOG will not, directly or through contractual or other arrangements, utilize criteria or methods of administration:
   a. That have the effect of subjecting qualified persons with a disability to discrimination on the basis of disability.
b. That have the purpose or effect of defeating or substantially reducing the
likelihood that persons with disabilities can benefit from the objectives of
the program or activity, or
c. That yield or perpetuate discrimination against another recipient of federal
funds if both recipients are subject to common administrative control or
are agencies of the same State.
5) In determining the site or location of a facility, ACOG will not make selections:
   a. That have the effect of excluding persons with disabilities from, denying
      them the benefits of, or otherwise subjecting them to discrimination under
      any program or activity, or
   b. That has the purpose or effect of defeating or substantially impairing the
      accomplishment of the objectives of the program or activity with respect to
      persons with disabilities.
6) As used in these assurances, the aid, benefit or service provided under a
program or activity includes any aid, benefit or service provided in or through a
facility that has been constructed, expanded, altered, leased or rented, or
otherwise acquired, in whole or in part, with Federal financial assistance.

Future Effect of Assurances

Recipients of Federal financial assistance, and transferees of property obtained by a
recipient with the participation of Federal financial assistance, are bound by the above
assurances under the following circumstances:

1) When Federal financial assistance is provided in the form of a conveyance of real
   property or an interest in real property from the U.S. Department of
   Transportation, the instrument of conveyance shall include a covenant running
   with the land binding the recipient and subsequent transferees to comply with the
   requirements for so long as the property is used for the purpose of which the
   Federal financial assistance was provided or for a similar purpose.
2) When Federal financial assistance is used to purchase or improve real property,
   these assurances shall obligate the recipient to comply with the requirements
   and require any subsequent transferee of the property, who is using the property
   for the purpose for which Federal financial assistance was provided, to agree in
   writing to comply with the requirements. The obligations of the recipient and
   transferees shall continue in effect for as long as the property is used for the
   purpose for which Federal financial assistance was provided or for a similar
   purpose.
3) When Federal financial assistance is provided in the form of, or is used to obtain,
   personal property, these assurances shall obligate the recipient to comply with the
   requirements for the period it retains ownership or possession of the property
   or the property is used by a transferee for purposes directly related to the
   operations of the recipient.
4) When Federal financial assistance is used for purposes other than to obtain
   property, these assurances shall obligate the recipient to comply with the
requirements for the period during which the Federal financial assistance is extended to the program or activity.

Notice

ACOG will take appropriate initial and continuing steps to notify participants, beneficiaries, applicants and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with ACOG that it does not discriminate on the basis of disability using the notice in Appendix A (Public Notice).

Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in agency publications and distribution of memoranda or other written communications.

Effect of State or local law

The obligation to comply with Section 504 of the Rehabilitation Act of 1973 is not obviated or affected by any State or local law.
