WHAT IS A COUNCIL OF GOVERNMENTS

- Regional Governing and Coordinating Body governed by local, elected officials in coordination with other local, state and federal partners.
- Voluntary, Not-for-Profit
- “Substates” created through federal and state legislation
- Began Forming in 1947
- Massive Economic and Population Growth in the 1960s and 1970s
- 11 COGs in Oklahoma and several hundred nationwide
- Oklahoma Association of Regional Councils (OARC)

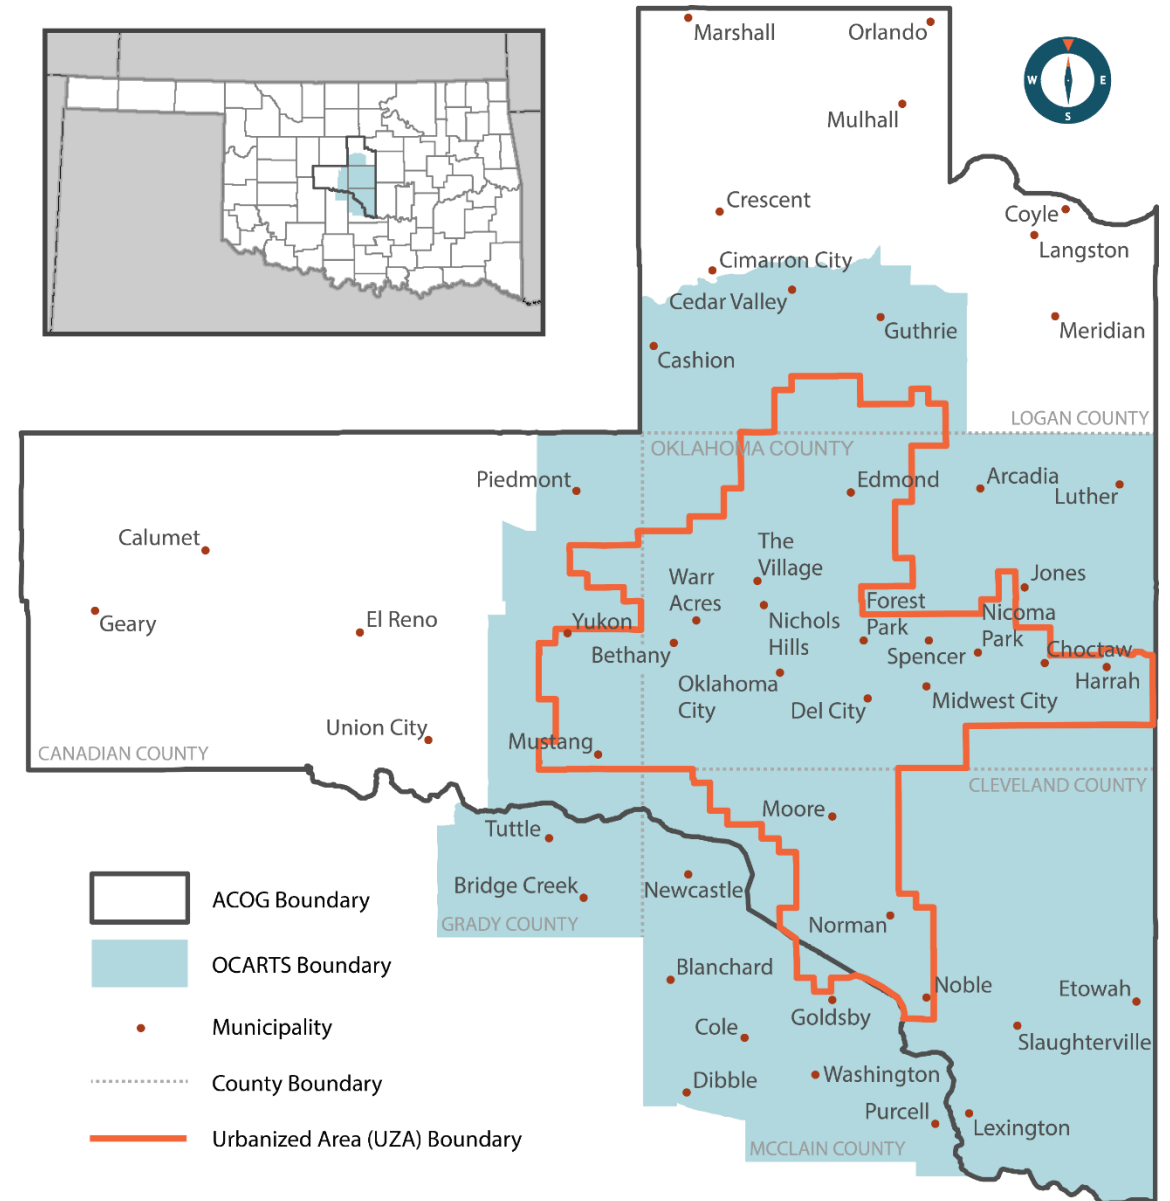

WHAT IS ACOG'S PURPOSE

- ACOG was established in 1966. Oklahoma established substates in 1970.
- ACOG's aids local governments in planning for common needs, cooperating for mutual benefit and coordinating for sound regional development.
- ACOG houses the Metropolitan Planning Organization (MPO) for the Region; A federally-mandated, federally-funded policy-making organization designed to ensure regional cooperation and distribution of funds for transportation projects.
- ACOG houses and pools resources for the MPO, 9-1-1 ACOG and several "orphan" programs that loosely fall under "Economic and Community Development."
