A. CALL TO ORDER

Chairman Josh Moore called the meeting to order at 2:08 p.m. A quorum was present. He welcomed all in attendance.

B. APPROVAL OF THE APRIL 29, 2021 MINUTES

Mayor Stan Wieczorek moved to approve the April 29, 2021 minutes. Councilmember Mark Hamm seconded the motion. The motion carried unanimously.

C. CONSENT DOCKET

1. People For Bikes Community Grant Program – Jordan Evans, Transportation Planning Services (TPS) Associate Planner – Multimodal For information only.
2. Bike Month 2021 - Jordan Evans, TPS Associate Planner – Multimodal For information only.
2. Federal Highway Administration Alternative Fuel Corridor Round 5 Designations – 1-40, US-81, and US-62 – Eric Pollard, Air Quality & Clean Cities Coordinator For information only.
3. Ozone Alert Days – Eric Pollard, Air Quality & Clean Cities Coordinator For information only.
4. Oklahoma City Area Regional Transportation Study (OCARTS) Area Line Item Projects and Administrative Modifications – Lauren Wood, TPS Associate Planner - Performance For information only.
6. Status of Surface Transportation Block Grant - Urbanized Area (STBG-UZA), Transportation Alternatives Program (TAP), and Transportation Enhancement (TE) Projects in the OCARTS Transportation Management Area (TMA) – John Sharp, Deputy Director For information only.

Councilmember Mark Hamm moved to approve that all items under the Consent Docket be considered in one vote. Councilmember Stephen T. Holman seconded the motion. The motion carried unanimously.

D. REGULAR AGENDA ITEMS THAT MAY REQUIRE ITPC ACTION

1. Request for Amendments to the Federal Functional Classification System in the City of Midwest City

Lauren Wood highlighted the information as detailed in the agenda memorandum regarding the Federal Functional Classification System amendment request from the Midwest City.

Mayor Ray Poland moved to approve the Federal Functional Classification amendment requested by Midwest City. Councilmember Stephen T. Holman seconded the motion. The motion carried unanimously.

2. Request for Transportation Alternatives Program (TAP) Scope Change by the City of Oklahoma City

Jordan Evans highlighted the information as detailed in the agenda memorandum.

Commissioner Rod Cleveland asked if the scope of work could change to request additional funding. Mr. Evans said the funding for each TAP project is capped at \$600,000 maximum, so there will not be any increases. Mayor Ray Poland asked if this removes the NE 4th Street Bridge over the Oklahoma River completely. Mr. Sharp said

Oklahoma City requested these projects in 2018 and since then have extensively changed their plans around the river. There will be more investment in the trails system in this area. There are plans to link all the activity centers on the south side. Oklahoma City is also discussing an additional bike/pedestrian bridge across the river just east of the I-35 bridge. Oklahoma City is investing a lot more money in this area than was anticipated. He added that over the last three years, there has been staff turnover at Oklahoma City and ODOT, which has complicated the process.

Mr. Sharp said one of the main goals at ACOG is to try to connect cities, and it has been hard to connect Oklahoma City to Del City and Midwest City. Mayor Matt Dukes asked if there was any attempt to contact Del City. Mr. Sharp said one of the concerns Oklahoma City had was the cost to get across the 4th Street Bridge. He said ACOG did reach out to Del City and they received a project in 2018 for sidewalk work and on several occasions, ACOG has tried to get them to look at the 4th Street Bridge, but they are not quite ready yet. He said there will be funding for TAP projects again after Christmas 2021. Mayor Dukes mentioned the need to contact Mayor Eason in Del City so they can connect to Midwest City.

Mayor Matt Dukes moved to approve Oklahoma City's request to change the scopes of the 4th Street Bridges project and the Eagle Lake Trail project. Commissioner Rod Cleveland seconded the motion. The motion carried as follows:

AYE: Lloyd, Wieczorek, Moore, Lally, Poland, Dukes, Hamm, Fullerton, Holman, Stone, Blasdel, Stockton, Smith, Cummings, Cleveland, and Blumert.

NAY: Williams

ABSTAIN: None

3. **Public Hearing and Action** on Request for Amendment to the FFY 2021 Transit Element of the FFY 2020-2023 OCARTS Area TIP by COTPA

Jennifer Sebesta said COTPA has submitted a revised program of projects for amendment to the FFY 2021 Transit Element of the FFY 2020-2023 OCARTS area TIP as detailed in the agenda memorandum.

Chairman Josh Moore opened the public hearing. There being no response from the public, the public hearing was closed.

Councilmember Stephen T Holman made a motion to amend the FFY 2021 Transit Element for the FFY 2020-2023 OCARTS Area TIP with the attached programs of projects from COTPA and submit the same to the Oklahoma Department of Transportation (ODOT) for amendment of the Statewide Transportation Improvement Program (STIP). Councilmember Mark Hamm seconded the motion. The motion carried unanimously.

4. **Public Hearing and Action** on Request for Approval of Surface Transportation Block Grant – Urbanized Area (STBG-UZA) Funds for the City of Warr Acres and Amendment to FFY 2021 of the FFY 2020-2023 OCARTS Area TIP

Lauren Wood highlighted the information as detailed in the agenda memorandum for the transfer of funding from the City of Guthrie, per their request, to the City of Warr Acres.

Chairman Josh Moore opened the public hearing. There being no response from the public, the public hearing was closed.

Mayor Ray Poland made a motion to amend the FFY 2021 element of the FFY 2020-2023 OCARTS Area TIP to include the project requested by the City of Warr Acres and submit the same to Oklahoma Department of Transportation (ODOT) for amendment of the Statewide Transportation Improvement Program (STIP). Mayor Stan Wieczorek seconded the motion. The motion carried unanimously.

5. Preliminary FFY 2022-2025 Oklahoma City Area Regional Transportation Study (OCARTS) Transportation Improvement Program

Jennifer Sebesta presented the preliminary TIP and highlighted the information as detailed in the agenda memorandum.

Councilmember Stephen T. Holman made a motion to approve the *preliminary* document for final ITPC consideration in June 2021. Mayor Ray Poland seconded the motion. The motion carried unanimously.

6. Encompass 2045 Land Use Scenarios

Hannah Nolen highlighted the information as detailed in the agenda memorandum and gave a presentation that can be viewed at: http://www.acogok.org/wp-content/uploads/2021/05/May-2021-Land_Use_Scenarios_ITPC.pdf

7. Watch for Me OK Bicycle and Pedestrian Safety Campaign

Jordan Evans highlighted the information as detailed in the agenda memorandum regarding the Watch For Me OK Bicycle and Pedestrian Safety Campaign, which launches the week of May 17-23. He said its mission and other information can be viewed at this ACOG website link: <https://www.watchformeok.org/>. Mr. Evans encouraged the committee to share the campaign with their residents.

8. Regional Transportation Authority of Central Oklahoma Status Report

Jason Ferbrache gave a presentation on the long-range plan for regional transit system, which can be viewed at this link: <http://www.acogok.org/wp-content/uploads/2021/06/20210525-Mobile-Meeting-Kit.pdf>.

9. Transportation News and Update Report

John Sharp presented the following transportation news and updates:

Discussion with ODOT re: Britton Rd bridge over the Hefner Parkway

Mr. Sharp said Transportation Planning Services (TPS) staff had a discussion with ODOT about the Britton Rd bridge over the Hefner Parkway, and said they will continue to discuss bike and pedestrian access on major bridges in our metro area.

RAISE Grant

TPS staff worked with an ODOT consultant and shared data to allow them to apply for a RAISE Grant. These used to be called BUILD and TIGER grants. This is a nationwide competitive grant process.

Route 66 Information

The future Route 66 bike route discussions with ODOT, Adventure Cycling, and local communities have concluded. There was a route change requested by El Reno and that change was made. The final route information will be forwarded to the American Association of State Highway Transportation Officials (AASHTO) after it has been approved by the ODOT Commission. There will be resolutions by the local communities that will need to be submitted to ODOT by August 1. TPS staff will get that information out to the communities soon.

Mr. Sharp said that at last month's ITPC, there was some interest in finding a map of the original Route 66. When he inquired to ODOT, he was informed that there are over 12 different route maps. So, TPS staff will sift through those maps and try to get something for the June meetings.

Meeting with Goldsby

TPS staff had a meeting with Goldsby to discuss possible future transportation projects.

Bike Expo at Riversport

ACOG hosted the first ever Bike Expo at Riversport (at the Oklahoma River) and had 400 attendees. This kicked off the Watch for Me OK Safety Campaign as well. That is the campaign funded by the Oklahoma Highway Safety Office. Also, in conjunction with Bike Month, ACOG has been promoting a Bike Scavenger Hunt on its social media sites.

Census Bureau's New Criteria for 2020

TPS staff attended a National Association of Regional Councils (NARC) meeting to discuss the Census Bureau's new criteria that will be used to define the urban area boundaries for 2020.

State Transportation Innovation Committee Meeting

The State Transportation Innovation Committee (STIP) meeting was held this week. There were further discussions of new technologies and innovations that ODOT is undertaking.

Stakeholder Advisory Group Meeting

Mr. Sharp said that yesterday ACOG hosted the third Encompass 2045 Plan Stakeholder Advisory Group (SAG) meeting. There was discussion about the current status of our air quality, the Regional Active Transportation Plan, and preliminary financial information concerning the costs and revenues of the 2045 Plan.

Northern Flyer Alliance Virtual Meeting

Staff attended a Northern Flyer Alliance virtual meeting earlier this month. There were state legislators from both Oklahoma and Kansas on the call. It was a positive meeting; they are requesting local communities to contact both their local representatives and their congressional contacts to relay the local interest.

Ozone Season

Mr. Sharp said our region's ozone season has begun, so keep an eye out for Ozone Alerts, which are days when it is best to fill up cars later in the evening, do not cut the grass, find alternative ways to work, and curtail travel. It might also be days when a person does not feel well due to the air quality effects on their health.

Cost of Nonattainment Coordination Meeting

Earlier this month ACOG held a Cost of Nonattainment (CNA) coordination meeting and started a number of stakeholder interviews to discuss their air quality plans.

Other AQ News

- Staff attended Tulsa Planning Office's Unraveling Inequity in Our Streets Conference on May 14.
- Staff attended the Oklahoma City Volkswagen ID.4 Drive event on May 15.
- Staff gave an alternative fuel tow truck safety presentation at a training hosted by the Oklahoma Wrecker Owner's Association on May 22.
- House Bill 1712, which establishes an ODOT Road Use Charge Task Force, was signed by the Governor in May. MPO's were included on the list of representatives.

Interns to Help TPS Staff this Summer

Mr. Sharp said TPS has two interns for the summer. Kennedy Rozneck comes from the University of Central Oklahoma's public health program, and Maggie Minnekanti comes from Oklahoma State University's engineering program.

E. NEW BUSINESS

Chairman Moore asked if there was any new business to present. No new business was presented.

F. ADJOURN

There being no further business, Chairman Moore adjourned the meeting at 3:15 p.m.

SUBJECT:

ENCOMPASS 2045 METROPOLITAN TRANSPORTATION PLAN (MTP) PROJECT LIST

DATE:

JUNE 24, 2021

FROM:

LAUREN WOOD

Associate Planner - Performance
Transportation Planning Services

INFORMATION:

ACOG staff completed a preliminary review of projects submitted by OCARTS member entities for inclusion in the Encompass 2045 Metropolitan Transportation Plan (MTP). In total, 231 projects were submitted during the initial call for projects. Staff also met with the Oklahoma Department of Transportation to identify its long-range projects for the state highway system in the OCARTS area. Submitted projects have been reviewed and will be classified into three categories based on their eligibility for inclusion in the Encompass 2045:

- **Eligible Projects*** - Projects that meet all project selection criteria.
- **Ineligible Projects** - Projects deemed ineligible based on one or both of the following criteria: 1) the facility was not functionally classified and/or 2) the level of service (LOS) of the facility was less than LOS D. At this time, no projects have been deemed ineligible.
- **Other Projects** - Projects submitted for maintenance, special studies, intersection modification, or signalization upgrades are not needed for modeling. Maintenance will be factored into overall plan cost.

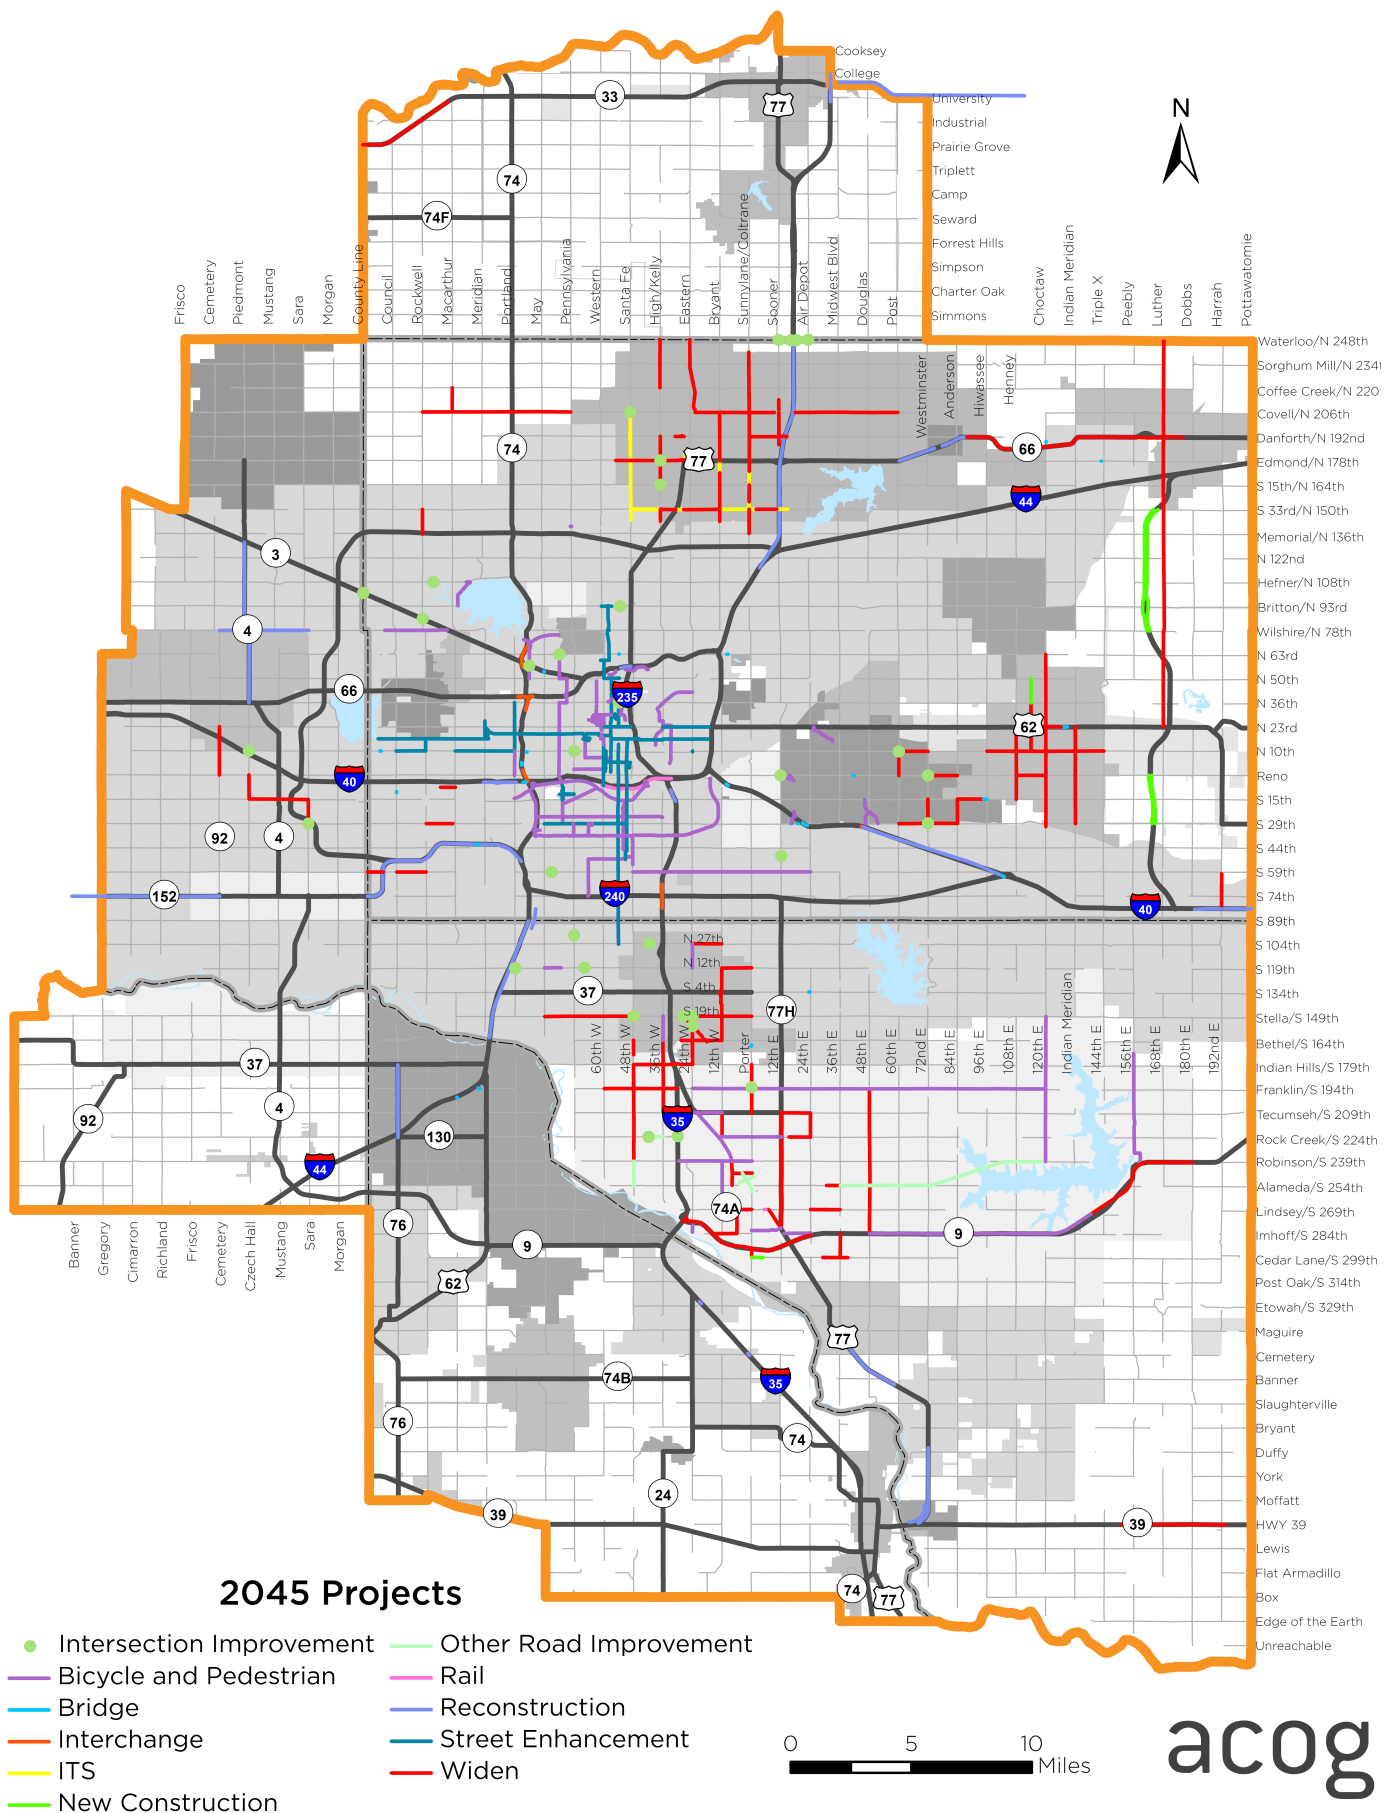

*Please note that additional stand-alone bicycle, pedestrian, and transit projects could be brought to this committee at a later date.

A list of the projects can be found here: <http://www.acogok.org/wp-content/uploads/2021/06/Encompass-2045-MTP-Project-List.pdf> and a map of the projects can be viewed on the next page.

The transportation projects will form the future transportation network that will be modeled and considered for final inclusion in the financially constrained Encompass 2045 Plan.

QUARTERLY TRANSIT COORDINATION MEETING UPDATE

DATE:

JUNE 24, 2021

FROM:

HANNAH NOLEN

Projects Coordinator II
Transportation Planning Services

INFORMATION:

Transit agencies and sub-recipients of transit funding in the OCARTS area meet on a quarterly basis throughout the region to stay up to date on new services, changes, and issues in both the current and upcoming quarter. Representatives from ACOG, Citylink, COTPA, City of Norman, and Oklahoma City Planning participated in a virtual meeting on June 2, 2021. A summary of what was discussed was provided at the June Intermodal Transportation Technical Committee (ITTC) meeting.

The next Quarterly Transit Coordination meeting is scheduled for September 1, 2021 at 2 p.m.

ACOG COMPLETE STREETS POLICY WORKGROUP - SECOND MEETING

DATE:

JUNE 24, 2021

FROM:

JORDAN EVANS

Associate Planner - Multimodal
Transportation Planning Services

INFORMATION:

In response to comments received through ACOG's transportation planning process, encouragement from the Federal Highway Administration (FHWA), and recommendations from other stakeholder groups, ACOG has begun drafting a Complete Streets Policy to accompany the Encompass 2045 Metropolitan Transportation Plan (MTP).

The Complete Streets Policy would apply to transportation projects funded through ACOG programs and would encourage member communities to adopt a policy of their own. ACOG hopes this policy will help the region create a safe, accessible, and efficient transportation network for all users.

ACOG staff met with workgroup attendees on Thursday, April 22, to discuss the proposed policy. Feedback from the group was taken into consideration and incorporated into the draft document. ACOG will host a second workgroup meeting on **Wednesday, June 23, from 10 a.m. to 12 noon.**

You can learn more about Complete Streets by visiting ACOG's website at:

PEOPLE FOR BIKES COMMUNITY GRANT PROGRAM

DATE:

JUNE 24, 2021

FROM:

JORDAN EVANS

Associate Planner - Multimodal
Transportation Planning Services

INFORMATION:

The People For Bikes Community Grant Program supports bicycle infrastructure projects that make it easier and safer for people of all ages and abilities to ride. For the fall 2021 grant cycle, the online application opens June 14, 2021 and letters of interest are due July 23, 2021.

People For Bikes focuses the majority of available grant funds on bicycle infrastructure projects such as:

- Bike paths, lanes, trails, and bridges
- Mountain bike facilities
- Bike parks and pump tracks
- BMX facilities
- End-of-trip facilities such as bike racks, bike parking, bike repair stations, and bike storage

They also fund advocacy projects, such as:

- Programs that transform city streets, such as Ciclovías or Open Streets events
- Campaigns to increase the investment in bicycle infrastructure

People For Bikes will accept requests for funding of up to \$10,000. They will not consider grant requests in which their funding would amount to 50 percent or more of the project budget.

**MID-YEAR STATUS REPORT ON THE OBLIGATION OF FFY 2021
OKLAHOMA CITY AREA REGIONAL TRANSPORTATION STUDY (OCARTS)
AREA FUNDS AND PENDING PROJECTS (AS OF MARCH 31, 2021)**

DATE:

JUNE 24, 2021

FROM:

JENNIFER SEBESTA

Transportation Planning Services (TPS) Manager

INFORMATION:

The attached tables provide a status report reflecting the Surface Transportation Block Grant-Urbanized Area (STBG-UZA), Transportation Alternatives Program (TAP), and Congestion Mitigation and Air Quality (CMAQ) funds obligated during the first half of FFY 2021 (Oct. 1, 2020-Mar. 31, 2021) and the funds anticipated to be obligated by the end of the federal fiscal year (Sept. 30, 2021).

The suballocation of funds to the OCARTS Transportation Management Area used in the attached tables reflects an FFY 2021 obligation authority of \$63,615,829.48. See the table below for more details.

FUND TYPE	FFY 2020 UNSPENT BALANCE	FFY 2021 FUNDS APPORTIONED	TOTAL OBLIGATION LIMITATION
STBG-UZA	34,780,125.24	20,572,270.48	55,352,395.72
TAP	5,201,164.76	1,495,068.00	6,696,232.76
CMAQ	917,201.00	650,000.00	1,567,201.00
TOTAL			63,615,829.48

[Table 1](#) lists all transactions affecting the region's STBG-UZA, TAP, and CMAQ funds during the first half of FFY 2021, as provided by the ODOT Finance Division. The column entitled "Change in Federal Funds" reflects cost overruns and underruns associated with STBG-UZA projects previously awarded, as well as the estimated federal share for FFY 2021 projects authorized by the Federal Highway Administration prior to bid letting.

[Table 2](#) takes the estimated balance of FFY 2021 unobligated funds from Table 1 (\$58,396,640.08) and reflects the estimated change in funds that will occur if all unauthorized projects included in the FFY 2021 element of the TIP are authorized by September 30.

[Table 3](#) combines the information provided in Tables 1 and 2 by reflecting obligated funds and funds anticipated for obligation, by each local government, through the end of the federal fiscal year.

SUBJECT:

**OKLAHOMA CITY AREA REGIONAL TRANSPORTATION STUDY (OCARTS)
AREA LINE ITEM PROJECTS AND ADMINISTRATIVE MODIFICATIONS**

DATE:

JUNE 24, 2021

FROM:

LAUREN WOOD

Associate Planner - Performance
Transportation Planning Services

INFORMATION:

Attached are lists of the FFY 2021 statewide line item projects and administrative modifications located within the OCARTS area, as provided by the ODOT Strategic Asset and Performance Management Division. There were no new projects this month.

Title 23 CFR §450.324 authorizes the grouping of small-scale projects by function, work type, and/or geographic area that are not of appropriate scale for individual identification in the Transportation Improvement Program (TIP) and Statewide Transportation Improvement Program (STIP).

ACTION REQUESTED:

For information only.

SUBJECT:

PUBLIC HEARING AND ACTION ON REQUEST FOR APPROVAL OF THE FFY 2022-2025 OKLAHOMA CITY AREA REGIONAL TRANSPORTATION STUDY AREA (OCARTS) TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

DATE:

JUNE 24, 2021

FROM:

JENNIFER SEBESTA

Transportation Planning Services (TPS) Manager

INFORMATION:

Last month the Preliminary FFY 2022-2025 OCARTS Area Transportation Improvement Program (TIP) was made available for public review and comment. This was announced and publicized through public notice, a news release, and on ACOG's blog. Paper copies of the preliminary document were also provided to all metro area libraries, and electronically to members of the Intermodal Transportation Technical and Policy Committees. No written comments were received during the 30-day public comment period.

The final version of the TIP is now available for review at the following link:

<http://www.acogok.org/wp-content/uploads/2021/06/Proposed-Final-FFY-2022-2025-OCARTS-TIP.pdf>.

The ITTC recommended approval.¹ Following MPO approval of the final FFY 2022-2025 OCARTS Area TIP, it will be provided to the Oklahoma Department of Transportation for approval (as the Governor's designee) and incorporated into the Statewide Transportation Improvement Program (STIP). The new TIP will become effective October 1, 2021, and will be available on the ACOG website at that time.

Prior to motion by the ITPC, a public hearing will be opened and comments will be received from any public in attendance.

ACTION REQUESTED:

Motion to approve the Final FFY 2022-2025 OCARTS Area Transportation Improvement Program, and submit the same to the Oklahoma Department of Transportation for approval and incorporation into the Statewide Transportation Improvement Program.

¹ A quorum was not present. However, Article IV (3) of the *Intermodal Transportation Technical Committee Bylaws* states that "business conducted in the absence of a quorum shall be forwarded to the ITPC in the same manner as business conducted with a quorum, except the number of cities and counties represented shall be noted (in the minutes and in the transmittal to the ITPC) along with the statement that a quorum was not present." The following cities and counties were present at the June ITTC meeting: Del City, Midwest City, Moore, Norman, Oklahoma City, Yukon, Oklahoma County, ACOG, and Central Oklahoma Transportation and Parking Authority.

**PROPOSED FINAL FY 2022 OKLAHOMA CITY AREA REGIONAL
TRANSPORTATION STUDY (OCARTS) AREA UNIFIED PLANNING WORK
PROGRAM (UPWP)**

DATE:

JUNE 24, 2021

FROM:

JENNIFER SEBESTA

Transportation Planning Services (TPS) Manager

INFORMATION:

The Unified Planning Work Program (UPWP) is a description of the proposed transportation planning activities to be conducted in the OCARTS area during the fiscal year. The UPWP is prepared annually and serves as a basis for requesting federal planning funds from the U.S. Department of Transportation, as well as a management tool for scheduling, budgeting, and monitoring the planning activities of the participating entities.

[Please click on this link to view the proposed final FY 2022 Unified Planning Work Program \(UPWP\) document](#), which is the product of the Unified Planning Work Program Subcommittee that included staff input from ACOG, ODOT, COTPA, City of Norman-Transit, City of Oklahoma City, and other member communities. The text outlines tasks and proposed budgets for FY 2022 (July 1, 2021 to June 30, 2022) for the purpose of maintaining the regional transportation planning program. The document is arranged in the following manner:

1. Introduction
2. OCARTS Organization – description of committee structure and study area
3. Priorities for FY 2022
4. Accomplishments of prior year
5. Budget for FY 2022
6. Task Descriptions for FY 2022 –
 - *Element #1: Data Development and Information Management*
 - *Element #2: Regional Transportation Planning*
 - *Element #3: Public Participation*
 - *Element #4: Transportation Planning Assistance and Coordination*
 - *Element #5: Staff Training and Maintenance and Production of Planning Related Documents*
 - *Element #6: Management*

The ITTC recommended approval.²

ACTION REQUESTED:

Motion to approve the proposed final FY 2022 OCARTS Area Unified Planning Work Program and authorize staff to proceed with executing related contracts and agreements, subject to availability of funds.

² A quorum was not present. However, Article IV (3) of the *Intermodal Transportation Technical Committee Bylaws* states that “business conducted in the absence of a quorum shall be forwarded to the ITPC in the same manner as business conducted with a quorum, except the number of cities and counties represented shall be noted (in the minutes and in the transmittal to the ITPC) along with the statement that a quorum was not present.” The following cities and counties were present at the June ITTC meeting: Del City, Midwest City, Moore, Norman, Oklahoma City, Yukon, Oklahoma County, ACOG, and Central Oklahoma Transportation and Parking Authority.

ENCOMPASS 2045 UNIT COSTS

DATE:

JUNE 24, 2021

FROM:

JENNIFER SEBESTA

Transportation Planning Services (TPS) Manager

INFORMATION:

Federal surface transportation law requires that Metropolitan Planning Organizations (MPOs) develop a Metropolitan Transportation Plan (MTP) that is financially realistic by demonstrating that the cost of improvements included in the plan (both capital and maintenance) can be paid for from revenues reasonably anticipated to be available over the planning period.

Estimated unit costs for the Encompass 2045 transportation network are based on recent construction information provided by the Oklahoma Department of Transportation (ODOT) and local entities.

The attached table provides a summary of the unit costs proposed for estimating roadway construction, maintenance, and right of way acquisition for Encompass 2045:

- Unit costs for construction include costs for engineering, grading, drainage, surface and base improvements, utility relocation, sodding, signing, and structure costs (such as bridges, interchanges, curbs, and gutters).
- Unit costs for maintenance on interstates, turnpikes and freeways involves resurfacing with concrete, and unit costs for maintenance on arterials and collectors includes base repair and resurfacing with a two-three inch asphalt overlay.
- Unit costs of each road segment vary based upon functional classification and location, urban or rural.

The four functional classifications considered as part of the OCARTS network include: 1) interstates/turnpikes/freeways, 2) principal arterials, 3) minor arterials, and 4) urban collectors. Since the costs for construction and maintenance of interstate and freeway facilities are generally greater than the other classifications, those unit costs will be applied separately.

Typically, it is more expensive to build and expand roadways in the urban area than in rural areas due to increased development, utilities, and encroachments. As a result, unit costs have been derived for both urban and rural facilities. The urban/rural designation is based on the Oklahoma City Urban Area Boundary map, as approved by the MPO and the Federal Highway Administration in spring 2013.

The proposed unit costs reflect Encompass 2045 base year dollars (2015). To determine the final plan cost, the data will be factored to account for short-term (2015-2025), medium-term (2026-2035), and long-term (2036-2045) inflation, depending on which period the network

improvement and maintenance activity falls. Maintenance is assumed to occur every ten years.

The following pages include the information below:

- [Table showing Encompass 2040 unit costs, recent \(2020\) unit costs, and proposed 2015 unit costs for Encompass 2045, reflecting the variations described above](#)
- [Construction cost assumptions](#)
- [OCARTS area map with approved urban area boundary, based on 2010 census data](#)

The ITTC recommended approval.³

ACTION REQUESTED:

Motion to approve the attached 2015 unit costs for developing the street, highway, and bicycle/pedestrian costs for Encompass 2045.

³ A quorum was not present. However, Article IV (3) of the *Intermodal Transportation Technical Committee Bylaws* states that "business conducted in the absence of a quorum shall be forwarded to the ITPC in the same manner as business conducted with a quorum, except the number of cities and counties represented shall be noted (in the minutes and in the transmittal to the ITPC) along with the statement that a quorum was not present." The following cities and counties were present at the June ITTC meeting: Del City, Midwest City, Moore, Norman, Oklahoma City, Yukon, Oklahoma County, ACOG, and Central Oklahoma Transportation and Parking Authority.

BIKE MONTH 2021 RECAP

DATE:

JUNE 24, 2021

FROM:

JORDAN EVANS

Associate Planner - Multimodal
Transportation Planning Services

INFORMATION:

ACOG and Central Oklahoma communities celebrated National Bike Month this May. Bike Month is a chance to recognize and promote the benefits of bicycling for transportation, recreation, and fitness. ACOG organized and assisted with a number of Bike Month activities in Central Oklahoma this year, including the Central Oklahoma Bicycle Expo, the Areawide Bicycle Scavenger Hunt, and various Bike to Work Day community rides.

A presentation will be given to the committee covering Bike Month events in Central Oklahoma. The presentation can be viewed here: <http://www.acogok.org/wp-content/uploads/2021/06/2021-Bike-Month-Recap.pdf>.
