3. Transportation News and Update Report from John Sharp:

### **Grant Applications**

ACOG staff held an initial review of the project applications that were submitted for the three transportation grant programs.

**Oklahoma Turnpike Authority (OTA)**

ACOG had a positive interview with a reporter from the Norman Transcript on our interaction with the OTA. Most of the interview was spent providing information on ACOG’s transportation programs.

**Safety Grant Application**

ACOG was asked by the U.S. Department of Transportation (USDOT) to discuss our Safe Streets and Roads for All (SS4A) safety grant application, along with Guthrie and Oklahoma City. USDOT staff were concerned that we were asking for funding for the same thing and that our geographies overlapped. The three entities had a chance to discuss project goals and decided to go ahead with our original three separate grant applications.

**FHWA/ODOT Coordination**

ACOG staff attended a coordination meeting with FHWA and ODOT along with INCOG, the MPO in Tulsa. We discussed FHWA transportation initiatives and funding and decided to have quarterly meetings going forward.

**Traffic Counts**

Several of our cities have been collecting traffic counts, that also includes bike/pedestrian counts.

**Regional Air Quality Plan**

ACOG staff is developing the outline for a Regional Air Quality Plan, which is the follow-up to the Cost of Nonattainment Study.

**Oklahoma Dept. of Environmental Quality**

ACOG staff attended an annual review of the current year’s air quality numbers for the state.

**Clean Cities Training Workshop**

ACOG staff attended the training workshop in Denver.

**Transit News**

EMBARK’s Bus Rapid Transit (BRT) is scheduled to launch in October 2023. They will be constructing stations/platforms similar to the streetcar. This will run from the Transit Center in downtown Oklahoma City to Classen Blvd., then to N.W. Expressway out to Meridian Ave.

**Norman Transit**

This week Norman Transit has been hosting meetings to gather feedback on future route changes and system modifications.

**Aerial Request for Proposals (RFP)**

Staff is developing a Regional Aerial RFP, something ACOG does every year. If you are interested, please contact Jennifer Sebesta.

**E. NEW BUSINESS**

None

**F. ADJOURN**

There being no further business, Chairperson Josh Moore adjourned the meeting at 2:05 p.m.

**FROM:**

**LAUREN WOOD**

Transportation Planner II – Performance  
Transportation Planning Services

**INFORMATION:**

ACOG staff will soon be preparing the CY 2022 Network Monitoring Report, as called for by the Unified Planning Work Program. The purpose of this report is to maintain current information on the implementation of multimodal transportation improvements in the ACOG MPO area in conformance with the goals of the Metropolitan Transportation Plan, as well as to update the regional transportation model. The report will identify all projects completed in 2022 resulting in increased transportation choices, improved traffic flow, and/or increased street/highway network capacities in the region. This information will also be used for crash analyses to determine the relationship between network improvements and crash rates.

**Your assistance is requested in identifying all transportation projects within your jurisdiction that were completed/implemented during calendar year 2022**, regardless of the source of funding or party responsible for construction. A representative of each entity (refer to attached contact list) will be emailed a survey Excel file and asked to provide information about roadway, transit, and bicycle/pedestrian improvements completed within their jurisdiction during the past year.

**Please return the filled out surveys to ACOG by Wednesday, March 1, 2023.** As noted in the survey, in the event there were no applicable projects completed in your entity during 2022, a response to that effect would be appreciated as well. Please email finalized surveys to TPS Grants at [tpsgrants@acogok.org](mailto:tpsgrants@acogok.org).

**A filled out survey or a response stating no applicable projects were completed is required to apply for all ACOG transportation grant programs.**

**INFORMATION:**

The following amendment has been proposed for the FFY 2022-2025 Transportation Improvement Program:

The Central Oklahoma Transportation and Parking Authority (COTPA) has submitted a request to amend the FFY 2023 Transit Element of the FFY 2022-2025 Transportation Improvement Program (TIP). COTPA is requesting the amendment (see letter on the next page) in order to program FFY 2022 FTA Section 5339(b) Bus and Bus Facilities funds for the purchase of ten 40' CNG buses and twelve paratransit vans. COTPA is also requesting to program FFY 2022 FTA Section 5337 State of Good Repair funds to be used for dredging of the Oklahoma River. This amendment will not supersede COTPA's previous amendments but adds to the program of projects.

This amendment will ensure consistency among the TIP, Statewide Transportation Improvement Program (STIP), and the grant awards.

**Prior to action by the ACOG MPO Policy Committee, a public hearing will be opened, and comments will be received from any public in attendance.**

The ACOG MPO Technical Committee has recommended approval<sup>1</sup>. Upon approval of the ACOG MPO Policy Committee, the request will be forwarded to the Oklahoma Department of Transportation (ODOT) and then to the Federal Highway Administration (FHWA)/Federal Transit Administration (FTA) for final approval.

**ACTION REQUESTED:**

Motion to amend the FFY 2022-2025 TIP by updating COTPA's FFY 2023 Transit Element with the attached program of projects and submit the same to the Oklahoma Department of Transportation (ODOT) for amendment of the Statewide Transportation Improvement Program (STIP).

RE: Amendment One, FFY 2023 Transportation Improvement Program (TIP)

Dear Mr. Sharp:

Please place this request for amending FFY 2023 Transit Element TIP on the January agendas of the ACOG MPO Technical Committee and the ACOG MPO Policy Committee. The Central Oklahoma Transportation and Parking Authority (COTPA) will rely on this TIP Amendment and ACOG's public notice as well as ACOG's public involvement process to satisfy the TIP notice requirement for this matter.

This TIP Amendment One is to program the Federal Transit Administration (FTA) Section 5339(b) Bus and Bus Facilities competitive funds for FFY 2022 for COTPA. These funds will be used to purchase 40' CNG Buses (10) and Paratransit Vans (12). The Amendment One will also program FTA Section 5337 State of Good Repair funds for FFY 2022. These funds will be used for Dredging the Oklahoma River. This Amendment does not supersede COTPA's FFY 2022 TIP Amendment Two, but it adds to what was previously programmed in Amendment Two.

Should you have questions regarding this TIP submittal, please contact me at 297-2104.

Sincerely,

Chip Nolen

**INFORMATION:**

On October 3, 2022, the Oklahoma Transportation Commission (OTC) approved a new 8-Year Construction Work Plan (FFY 2023–FFY 2030). The plan contains critically needed transportation improvement projects for the state’s on-system facilities (interstates, US and state highways, and bridges). The work plan continues to focus on reducing the number of structurally deficient bridges in the state, while also focusing on improving pavement conditions statewide and reducing the number of two-lane highways with deficient shoulders. The full work plan can be found here:

[2023-2030 CWP Book .pdf \(oklahoma.gov\)](#)

At the January Policy Committee meeting, Daniel Nguyen, Oklahoma Department of Transportation’s Project Management Division Manager, will provide an overview of the 8-Year Construction Work Plan and discuss the projects listed that impact the ACOG MPO area.
