4. Transportation News and Update Report from John Sharp:

#### **Federal Grants**

John Sharp said in the month of February, ACOG has a large number of Federal Grants being awarded to a number of members. Mr. Sharp reminded the members to take note that these projects will now be administered by Oklahoma Department of Transportation (ODOT). He said there will be coordination between ACOG staff and ODOT Local Government staff. The funding is based on reimbursement, rather than getting the funding upfront.

#### **Carbon Reduction Program**

John Sharp said ACOG staff was planning to roll out \$6 million in Carbon Reduction Program (CRP) funding this month. However, ACOG is dealing with a Census Bureau/Federal Highway Administration (FHWA) geography definition issue. This grant funding is split between Oklahoma City Urban Area and the Norman Urban Area. Mr. Sharp said in discussion with ODOT and FHWA, ACOG thinks they have a solution.

#### **MPO Quarterly Meeting**

ACOG attended the quarterly meeting with ODOT, Federal Transit Administration (FTA), and FHWA to discuss funding and various common tasks.

#### **Transportation Management Area (TMA) Boundary Review**

After each census, ACOG staff review the TMA Boundary to determine if we should expand the area. ACOG looks at census defined urban areas adjacent to the TMA Boundary and high-density areas that are similar to the current densities inside the boundary.

#### **Electric Vehicle Coalition**

ACOG hosted the Oklahoma Electric Vehicle Coalition meeting this month. It was attended by thirty (30) entities from around the state. Some of the topics included: statewide electric charger build out that is being managed by ODOT, Empower Grant that ACOG received, fire department training for dealing with the new electric vehicle technology, local electric vehicle charging installation, and Grid Resiliency Funding.

#### **Bike Month**

ACOG has started planning for the events scheduled for May. This will include Bike Fest, Bike to Work Day, and several other bike-related events throughout the region.

**Watch For Me**

ACOG has started its application for the Watch For Me grant for the next fiscal year. This grant is through the Oklahoma Highway Safety Office and ACOG should know if it has been awarded in April.

**UPWP Subcommittee**

The first subcommittee meeting to discuss tasks for FY 2024 is scheduled for tomorrow.

**E. NEW BUSINESS**

None

**F. ADJOURN**

There being no further business, Chairperson Josh Moore adjourned the meeting at 2:00 p.m.

**SAFETY PERFORMANCE MEASURES TRENDS AND TARGETS FOR CY 2023**

### **DATE:**

MARCH 30, 2023

### **FROM:**

**LAUREN WOOD**

Transportation Planner II – Performance  
Transportation Planning Services

### **INFORMATION:**

Performance-based planning and programming has become a national emphasis per recent federal transportation legislation—namely, the 2012 Moving Ahead for Progress in the 21st Century (MAP-21) Act, 2015 Fixing America’s Surface Transportation (FAST) Act, and 2021 Infrastructure Investment and Jobs Act (IIJA). Federal planning requirements direct metropolitan planning organizations (MPOs) to coordinate with their respective state department of transportation and area public transportation providers in developing 14 performance measures and targets to track and maximize the benefits of transportation planning decisions and infrastructure investments.

Recently, the Oklahoma Department of Transportation (ODOT) submitted the five required safety targets to FHWA. Now ACOG, as an MPO, needs to identify and submit regional safety targets for those same five performance measures. Federal guidance states that MPOs may either support the targets of the state, or may submit their own targets based on the data from the region. In either instance, ACOG will need to report on the measures and the targets, and eventually explain how the region is making progress towards reaching those targets. This occurs through both the Transportation Improvement Program (TIP) and the Metropolitan Transportation Plan (MTP). In particular, projects should be selected using criteria which help support the goals, measures, and targets established by the region in the MTP.

The presentation will review possible options for regional safety targets and the attachment summarizes these options and ACOG staff recommendations. The ACOG MPO Technical Committee has recommended approval.

Please contact Lauren Wood with any comments, questions, or suggestions at [lwood@acogok.org](mailto:lwood@acogok.org) or (405) 234-2264.

### **ACTION REQUESTED:**

Motion to approve the selected safety targets options and submit the same to ODOT.

**SUBJECT:**

**ACOG MPO TRANSPORTATION MANAGEMENT AREA (TMA) BOUNDARY REVIEW**

**DATE:**

MARCH 30, 2023

**FROM:**

**JOHN SHARP**

Deputy Director

**INFORMATION:**

Following each decennial census, one of the responsibilities of Metropolitan Planning Organizations, like ACOG, is to review and update the TMA boundary. According to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) guidelines, the update is to include the area defined as urbanized according to the most recent census, and the area expected to urbanize within the next 20 years. These areas must be contiguous to the current TMA.

At the March meeting, staff will provide a presentation of the findings based upon the 2020 Census. The presentation can be viewed at:

<https://www.acogok.org/wp-content/uploads/2023/03/ACOG-MPO-TMA-2023-updated.pdf>.

Based on the analysis, ACOG staff recommends that the ACOG MPO TMA Boundary remain the same due to:

- Population Density
- Percent Growth
- Distance from Urban Densities
- Funding Changes

The ACOG MPO Technical Committee has recommended approval of staff's recommendation.

**ACTION REQUESTED:**

Motion to approve the ACOG MPO Technical Committee's concurrence of ACOG staff's recommendation to keep the ACOG MPO TMA Boundary the same.

**SUBJECT:**

**STRUCTURALLY DEFICIENT (SD) BRIDGES FUNDING OPPORTUNITY**

**DATE:**

MARCH 30, 2023

**FROM:**

**JOHN SHARP**

Deputy Director

**INFORMATION:**

Melissa Davis, PMP®, Program Manager for the Local Government Division of ODOT, asked ACOG to present the following bridge funding opportunity:

Through the latest federal legislation, Infrastructure Investment and Jobs Act (IIJA) - Bipartisan Infrastructure Law (BIL), and the Bridge Formula Program, funds were made available to every state to assist in improving bridge conditions as part of the transportation infrastructure. This funding is available for improving not only highway bridges, but also city and county owned structures.

With intentionality, ODOT has made great strides in addressing Structurally Deficient (SD) bridges on the state highway system, moving Oklahoma from number 49 in the nation for worst highway bridges to number 7, however, there are still over 1,700 SD bridges on the city and county system. In an effort to reduce the number of SD bridges in the state, ODOT is making funding available to address as many SD bridges that funding will permit.

As part of this funding, ODOT has established the **SD City Bridge Program** with the goal of providing financial assistance to replace or rehabilitate SD bridges on the city and county system. If you have an SD bridge(s) within your city limits and you are interested, please fill out the notice of interest at this link: <https://app.smartsheet.com/b/form/abfd805554334da7ae773579e12e17e7>. This will help ODOT prioritize the participation so that they can address as many SD bridges as possible. If you have any questions, please do not hesitate to reach out to Melissa Davis at (405) 249-0829, [medavis@odot.org](mailto:medavis@odot.org) or Luke Bustos at [lbustos@odot.org](mailto:lbustos@odot.org).
