# MINUTES

---

## A. CALL TO ORDER

Chairperson Josh Moore called the meeting to order at 1:30 p.m. A quorum was present. He welcomed all in attendance.

## B. APPROVAL OF THE FEBRUARY 23, 2023 MINUTES

Councilmember Chad Williams moved to approve the February 23, 2023, minutes. Mayor Steven Gentling seconded the motion. The motion carried unanimously.

## C. CONSENT DOCKET: *For Information Only*

1. 2023 Bike Month: Hannah Nolen, AICP, Transportation Planning Services (TPS) Program Coordinator
2. Quarterly Transit Coordination Meeting Update: Hannah Nolen, AICP, TPS Program Coordinator
3. Status of Surface Transportation Block Grant - Urbanized Area (STBG-UZA), and Transportation Alternatives Program (TAP) Projects in the ACOG MPO Transportation Management Area (TMA): John Sharp, Deputy Director

Mayor Glenn Berglan moved to approve that all items under the Consent Docket be considered in one vote. Mayor Brian Grider seconded the motion. The motion carried unanimously.

## D. REGULAR AGENDA ITEMS THAT MAY REQUIRE ACOG MPO POLICY COMMITTEE ACTION

1. Safety Performance Measures Trends and Targets for CY 2023: Lauren Wood, Transportation Planner II - Performance

Lauren Wood highlighted the information provided in the agenda memorandum on the recommended safety targets.

Mayor Glenn Berglan made a motion to approve the selected safety targets and submit the same to ODOT. Mayor Phil Freeman seconded the motion. The motion carried unanimously.

2. ACOG MPO Transportation Management Area (TMA) Boundary Review: John Sharp, Deputy Director

John Sharp presented the committee with the findings based on the 2020 Census and historical trends. The presentation can be viewed here: <https://www.acogok.org/wp-content/uploads/2023/03/ACOG-MPO-TMA-2023-updated.pdf>.

It was discussed between several committee members about the possibility of El Reno joining.

Mayor Dukes made a motion to take no action on this particular item today and move to next month with additional information and with the possibility to add El Reno to the MPO. Mayor Ray Poland seconded the motion. The motion carried unanimously.

Mark Sweeney said there will be additional information provided by the ACOG staff and the City of El Reno and there will be a statement made that the Committee has the option to recommend inclusion of El Reno to the ACOG Board.

3. Structurally Deficient (SD) Bridges Funding Opportunity: John Sharp, Deputy Director

John Sharp highlighted the information provided in the agenda memorandum. Mr. Sharp said ODOT has made great strides in addressing structurally deficient (SD) bridges on the state highway system, moving Oklahoma from number 49 in the nation to number 7.

ODOT now has funding for local SD bridges.

If you have a SD bridge(s) within your city limits and you are interested in funding, please fill out the notice of interest at this link:

<https://app.smartsheet.com/b/form/abfd805554334da7ae773579e12e17e7>.

If you have any questions, please do not hesitate to reach out to Melissa Davis at (405) 249-0829 or [medavis@odot.org](mailto:medavis@odot.org), or Luke Bustos at [lbustos@odot.org](mailto:lbustos@odot.org).

4. Transportation News and Update Report from John Sharp:

**Grants**

Mr. Sharp said ACOG is dealing with a number of possible grants opportunities.

**Regional Air Quality Plan**

ACOG sent out a Request for Proposal (RFP) and the deadline for responses is April 7.

**Hydrogen Hub (HALO)**

ACOG staff attended the HALO meeting that is working on the Regional Clean Hydrogen Hubs program.

**Bike Month**

ACOG is planning BikeFest and Bike to Work activities in May.

**State Transportation Innovation Committee**

ACOG hosted this event in March. FHWA, ODOT, university researchers, and various agency staff came together to discuss new ways to deliver transportation projects.

**Fair Miles Oklahoma**

ACOG attended a Road User Charge committee meeting at ODOT. This is a continuation of the planning for the Pilot Project that they would like to initiate. This trial is to track how many miles a car travels in a year. There are different technologies available to complete this project.

**ACCESS Oklahoma**

ACOG was invited to be on a panel for a Greater Oklahoma City Chamber event. The event focused on ACCESS Oklahoma and its current status. John Sharp was asked to talk about ACOG's role with turnpike facilities and how they are included in the Metropolitan Transportation Plan.

**Placemaking Conference**

ACOG staff attended the Institute for Quality Communities (IQC) Conference in Norman. This conference usually takes place every two years and the main themes center around planning and economic development.

**Transportation Alternatives Projects (TAP)**

John Sharp said these projects have been scored and ODOT will deliver the list to the Oklahoma Transportation Commission meeting next Monday.

**E. NEW BUSINESS**

None

**F. ADJOURN**

There being no further business, Chairperson Josh Moore adjourned the meeting at 2:25 p.m.

# CONSENT DOCKET

---

**SUBJECT:**  
**2023 BIKE MONTH**

**DATE:**  
APRIL 27, 2023

**HANNAH NOLEN, AICP**  
Program Coordinator  
Transportation Planning Services

**INFORMATION:**

May is National Bike Month, sponsored by the League of American Bicyclists and celebrated in communities from coast to coast. Established in 1956, National Bike Month is a chance to showcase the many benefits of bicycling and encourage more residents to give biking a try.

ACOG is planning the following events and activities to promote bicycling for transportation, recreation, and health:

**BikeFest** will serve as the kick-off to Bike Month and will feature bike shops and organizations, activities for kids, bicycle demonstrations, and more! BikeFest will take place Sunday, May 7, 2023, from 12:00 p.m. to 3:00 p.m. at the Wheeler Ferris Wheel (1701 S. Western Ave., Oklahoma City, OK). Please contact Jennifer Sebesta at [jsebesta@acogok.org](mailto:jsebesta@acogok.org) for additional information.

**Bike to Work Week** will take place May 15-21, 2023, and **Bike to Work Day** is Friday, May 19. Please begin planning your Bike to Work Day group rides and let ACOG know the routes you plan to take. Like in previous years, ACOG will assist in planning and create promotional materials for each event. Please contact [hnolen@acogok.org](mailto:hnolen@acogok.org) as soon as you know your event details.

Please visit <https://www.acogok.org/transportation-planning/activetransportation/bikecentral/> for more information about 2023 Bike Month in Central Oklahoma.

**SUBJECT:**

**2023 OZONE SEASON PREVIEW & EPA ADVANCE SUBMISSION**

**DATE:**

APRIL 27, 2023

**FROM:**

**ERIC POLLARD**

Air Quality & Clean Cities Manager  
Transportation Planning Services

**INFORMATION:**

During ozone season, ACOG declares 'Ozone Alert Days' when the Oklahoma Department of Environmental Quality (ODEQ) believes ozone pollution levels will be high.

Individuals with respiratory disease (COPD, asthma, emphysema), the elderly, and children with respiratory ailments are all at increased risk of health problems when ozone levels reach unhealthy levels.

ACOG MPO TC member organizations are invited to join ACOG staff to inform Central Oklahomans of ways to protect public health and reduce emissions on Ozone Alert Days.

Each year ACOG, in partnership with ODEQ, submits an ozone pollution mitigation project overview to the Environmental Protection Agency (EPA) for the Ozone Advance program. The purpose of Ozone Advance is to update the EPA on efforts the Oklahoma City Metropolitan Area is making to keep compliant with EPA air quality standards. While participation in the Ozone Advance program does not guarantee that the region would be given any leniency during EPA designations, it provides an opportunity to share what ACOG members and stakeholders are doing to improve regional air quality.

ACOG staff requests assistance from ACOG MPO PC members to identify emissions reduction projects in Central Oklahoma that could be added to the EPA Advance submission.

Please reach out to Eric Pollard at [epollard@acogok.org](mailto:epollard@acogok.org) or (405) 778-6175

**SUBJECT:**

**PREPARATION OF CY 2022 NETWORK MONITORING REPORT**

**DATE:**

APRIL 27, 2023

**FROM:**

**LAUREN WOOD**

Transportation Planner II – Performance  
Transportation Planning Services

**INFORMATION:**

ACOG staff is preparing the CY 2022 Network Monitoring Report, as called for by the Unified Planning Work Program. The purpose of this report is to maintain current information on the implementation of multimodal transportation improvements in the ACOG MPO area in conformance with the goals of the Metropolitan Transportation Plan (MTP), as well as to update the regional transportation model. The report will identify all projects completed in 2022 resulting in increased transportation choices, improved traffic flow, and/or increased street/highway network capacities in the region. This information will also be used for crash analyses to determine the relationship between network improvements and crash rates.

**Your assistance is requested in identifying all transportation projects within your jurisdiction that were complete/implemented during calendar year 2022**, regardless of the source of funding or party responsible for construction. A representative of each entity was emailed a survey excel file and asked to provide information about roadway, transit, and bicycle/pedestrian improvements completed within their jurisdiction during the past year.

The attached list provides the contact person at each entity who received the survey. Entities that have submitted data as of Tuesday, April 4, are highlighted yellow.

**Please email completed surveys to TPS Grants at [tpsgrants@acogok.org](mailto:tpsgrants@acogok.org) by Monday, May 1, 2023.** As noted in the survey, in the event there were no applicable projects completed in your entity during 2022, a response to that effect would be appreciated as well..

**A completed survey or a response stating no applicable projects were completed is required to apply for all grant programs.**

The survey can be downloaded here: [Network Monitoring Survey CY 2022 \(excel file\)](#).

**SUBJECT:**

**FEDERAL FUNCTIONAL CLASSIFICATION SYSTEM AMENDMENT PROCESS**

**DATE:**

APRIL 27, 2023

**FROM:**

**JENNIFER SEBESTA**

Division Manager  
Transportation Planning Services

**INFORMATION:**

The Federal Functional Classification System is a management tool used by federal, state, and local governments to assign jurisdictional responsibility, allocate funds, and establish design standards. This system groups streets and highways into classes according to the character of the service they are intended to provide.

Functional Classification is utilized by ACOG in a number of ways—in particular, to identify roadways that are eligible for Surface Transportation Block Grant-Urbanized Area (STBG-UZA) funding. With the exception of bridges, projects must be on a functionally classified roadway to receive funding under this program (i.e. local roads are not eligible). Entities can view which roads are functionally classified in the ACOG MPO area on the STBG-UZA Project Scoring Dashboard (<https://acog.maps.arcgis.com/apps/dashboards/e1366d62720a421f912a887114ff9466>).

Cities can request to have roadways functionally classified by submitting an application and any supplemental documents through ACOG. The application is then reviewed and approved by the ACOG MPO Policy Committee and submitted to ODOT and FHWA for final approval.

Any entity wishing to submit an application should contact Jennifer Sebesta at [jsebesta@acogok.org](mailto:jsebesta@acogok.org) to begin the process. Additional information regarding the Federal Functional Classification System can be viewed at [this link](#).

**INFORMATION:**

At the February meeting, the ACOG MPO Policy Committee approved the FY 2023 CRRSAA Recommended Project Award list. Project selections were chosen based on quality, need, and ability for the project to be completed within the federally allotted timeframe. All projects must be designed and have environmental reviews completed by September 30, 2024.

The City of Bethany was awarded \$609,161 for a mill and inlay project on Rockwell Avenue from NW 27<sup>th</sup> Street to NW 32<sup>nd</sup> Street (0.5 miles).

On March 21, ACOG received an email from the City of Bethany requesting the project be moved to the roads approaching the intersection of NW 23<sup>rd</sup> Street and Rockwell Avenue (roughly 0.5 miles).

Upon further inspection, pavement conditions at NW 23<sup>rd</sup> Street and Rockwell Avenue are in worse condition than the original project limits. The City also passed a bond issue that includes signal work at NW 23<sup>rd</sup> Street and Rockwell Avenue. They would like to coordinate with that project so that once work is completed for all projects, the entire intersection will have been upgraded for both traffic signal and roadway safety.

The project type remains a pavement repair and replacement project, and the CRRSAA funding will not exceed the previously awarded \$609,161.

ACOG consulted with ODOT Local Governments Division staff on the project scope change. ODOT approved of the project scope change and wanted to make sure the project sponsors would remain aware of the time constraints. As the project is still a priority for Bethany and would remain within the confines of the original award amount, ACOG staff and the ACOG MPO Technical Committee recommend approval of the scope change.

**ACTION REQUESTED:**

Motion to approve the proposed CRRSAA project scope change as requested by the City of Bethany.

**REQUESTED CHANGE TO FY 2018 TRANSPORTATION ALTERNATIVES PROGRAM (TAP) PROJECT FUNDING**

**DATE:**

**INFORMATION:**

In August 2017, ACOG awarded \$8.2 million in Transportation Alternative Program (TAP) funds to 20 projects throughout the Oklahoma City Urbanized area. Two back-up projects were also selected in case additional funds became available.

The City of Del City was awarded \$240,000 for the Kerr/Vickie Sidewalk project. Due to changing priorities with the City and very little progress being made on the project, Del City has notified ACOG that they would like to decline their project award and allow the funds to be applied to another project.

ACOG would like to apply the funds to the City of Norman's Flood Avenue-Tecumseh Road Multimodal Path from Robinson Street to 24<sup>th</sup> Avenue NW project. This was the first backup project from the 2017 approved project listing. The City of Norman requested and received \$146,484 in extra TAP funds, as approved by the Bicycle-Pedestrian Advisory Committee (which is now called the Active Transportation Advisory Committee) in February 2018. At that time, the City also requested any additional funds that would become available in the future be applied to this project.

The total project cost is estimated at \$2,161,208, and, with the additional \$240,000, this would bring the TAP funding to \$386,484.

As these TAP funds are from the previous infrastructure bill (FFY 2015-2020), funds will sunset, and projects must be let by September 30, 2023. Due to this, ACOG consulted with ODOT Local Governments Division and were informed that the Flood Avenue project is on track to be let by that deadline and they had no concerns with moving the \$240,000 in funds to this project.

The Active Transportation Advisory Committee (ATAC) has recommended approval.

**ACTION REQUESTED:**

Motion to approve moving \$240,000 in returned TAP funds to the City of Norman's Flood Avenue Project.

**ACOG MPO TRANSPORTATION MANAGEMENT AREA (TMA) BOUNDARY REVIEW**

**DATE:**

APRIL 27, 2023

**FROM:**

**JOHN SHARP**                      **and**                      **City of El Reno Representative**  
Deputy Director

**This item was tabled at the ACOG MPO Policy Committee meeting on March 30. It is on the Policy Committee agenda for April 27 for consideration.**

**INFORMATION:**

Following each decennial census, one of the responsibilities of Metropolitan Planning Organizations, like ACOG, is to review and update the TMA boundary. According to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) guidelines, the update is to include the area defined as urbanized according to the most recent census, and the area expected to urbanize within the next 20 years. These areas must be contiguous to the current TMA.

At the March ACOG MPO Technical Committee meeting, staff provided a presentation of the findings based upon the 2020 Census and historical data.

Based on the analysis, ACOG staff recommended that the ACOG MPO TMA Boundary remain the same due to:

- Population Density
- Percent Growth
- Distance from Urban Densities
- Funding Changes

The ACOG MPO Technical Committee endorsed the staff's recommendation.

At the March Policy Committee meeting, there was discussion on whether El Reno should be allowed to join the MPO. However, no decision was reached, and the item was tabled.

At the April Policy Committee meeting, El Reno and ACOG staff will both be given an opportunity to make presentations to the Committee.

**ACTION REQUESTED:**

Motion to approve the ACOG MPO Technical Committee's concurrence of ACOG staff's recommendation to keep the ACOG MPO TMA Boundary the same.

OR

Motion to approve the addition of El Reno, Union City, and portions of Canadian County to the ACOG MPO TMA boundary contingent on final approval from ODOT and FHWA, with the stipulation that ACOG MPO membership would be effective on July 1, 2023, but these communities would not be eligible for federal transportation dollars until FY 2025.

## CHARGING AND FUELING INFRASTRUCTURE (CFI) DISCRETIONARY GRANT PROGRAM & NATIONAL ELECTRIC VEHICLE INFRASTRUCTURE (NEVI) FORMULA PROGRAM

### DATE:

APRIL 27, 2023

### FROM:

**DAVID FRICK**

Air Quality and Clean Cities Planner II

### INFORMATION:

The U.S. Department of Transportation's new [Charging and Fueling Infrastructure \(CFI\) Discretionary Grant Program](#) will provide \$2.5 billion over five years to a wide range of applicants, including cities, counties, other government entities, and tribes.

This current round of funding includes \$700 million from FY 2022 and FY 2023 and is divided into two separate categories:

- **Community Program: Community Charging and Fueling Program Grants - up to \$350 million**  
This program aims to strategically deploy electric vehicle (EV) charging and alternative fueling infrastructure located on public roads or in publicly accessible locations.
- **Corridor Program: Alternative Fuel Corridor Grants - up to \$350 million**  
This program aims to strategically deploy charging infrastructure and alternative fueling infrastructure located on designated alternative fuel corridors.

Eligible applicants:

- States or political subdivision of States
- Metropolitan planning organizations
- Unit of local governments
- Special purpose districts with a transportation function, including port authorities
- Indian tribes
- Groups of entities listed above (joint application)

Applicants can choose to apply for one grant program; however, this combined solicitation allows applicants to simultaneously apply for funding under both programs by submitting one application.

### UPDATE: National Electric Vehicle Infrastructure (NEVI) Formula Program

Monday, April 3, the Oklahoma Department of Transportation announced the release of the [State of Oklahoma's Scoring Rubric for NEVI procurement](#). It contains a table with a detailed scoring rubric with 10 categories for applicants to address for NEVI site proposals.

The proposed NEVI evaluation criteria are open for public comments for the next 30 days. Please email any comments to [EVOK@odot.org](mailto:EVOK@odot.org).

**OKLAHOMA DEPARTMENT OF TRANSPORTATION (ODOT) TRANSPORTATION ALTERNATIVES PROGRAM (TAP) PROJECT AWARDS**

### **DATE:**

APRIL 27, 2023

### **FROM:**

**JOHN SHARP**

Deputy Director

### **INFORMATION:**

ODOT held their TAP Call for Projects from July 1 to November 30, 2022. ODOT provided funding for projects outside of the Oklahoma City and Tulsa adjusted urbanized areas with populations of 0-5,000; 5,001-50,000; 50,001-200,000; and those that are under 15,000 population that fall within the ACOG/INCOG adjusted urbanized boundaries were eligible to apply for statewide funding. The funding available was for three years - FY 2022, FY 2023, and FY 2024.

ODOT received 135 project applications. After these projects were reviewed, 61 projects were recommended for funding to the Oklahoma Transportation Commission on April 3. These projects were all selected for funding at the Commission meeting. The attached page lists the awarded ODOT TAP projects in the ACOG MPO area.
