NATIONAL DRIVE ELECTRIC WEEK

DATE:

SEPTEMBER 26, 2024

FROM:

JOHN SHARP

Deputy Director

INFORMATION:

ACOG is partnering with OG&E to host a National Drive Electric Week event at OG&E Night Sprints during the Oklahoma Regatta Festival.

OG&E Night Sprints will be held at the River Sport complex on Friday, October 4, from 5:00 p.m.-10:00 p.m. During this event, OG&E will bring EV trucks, charging stations, and information on electric vehicles. ACOG will have a booth and provide resources to the public about the benefits of electric vehicles.

National Drive Electric Week, September 27-October 6, is a nationwide celebration to raise awareness of the many benefits of all-electric cars, trucks, motorcycles, and more. ACOG has been participating and hosting National Drive Electric Week events annually for nearly a decade.

More electric vehicles on the road in Central Oklahoma means more dollars spent on electricity to fuel vehicles. This keeps dollars in the local economy, strengthens our energy independence, and helps improve air quality. EVs are also critical in regional efforts to improve overall vehicle efficiency and reduction of emissions that create ozone pollution.

REVIEW OF REGIONAL SNOW ROUTES FOR 2024-2025

DATE:

SEPTEMBER 26, 2024

FROM:

JENNIFER SEBESTA

Transportation Planning Services (TPS) Division Manager

INFORMATION:

In August 2007, the Regional Snow Routes Committee was formed to assist in the interjurisdictional coordination of snow and ice management activities throughout the ACOG MPO area. The committee was tasked to develop a regional map that highlights the best route choices for motorists during winter storm events. As a result, a network of regional snow routes was established, and the related regional map was made available to the public via websites and press releases. This system of regional snow routes assists in providing better service and increased safety for all travelers within the region, including emergency vehicles, school buses, public transportation, and commercial vehicle traffic.

Since the 2023-2024 winter season, some snow route changes may have occurred at the local level. As the 2024-2025 winter season approaches, ACOG MPO member entities are asked to review the current regional snow routes and determine if additional changes or updates are needed.

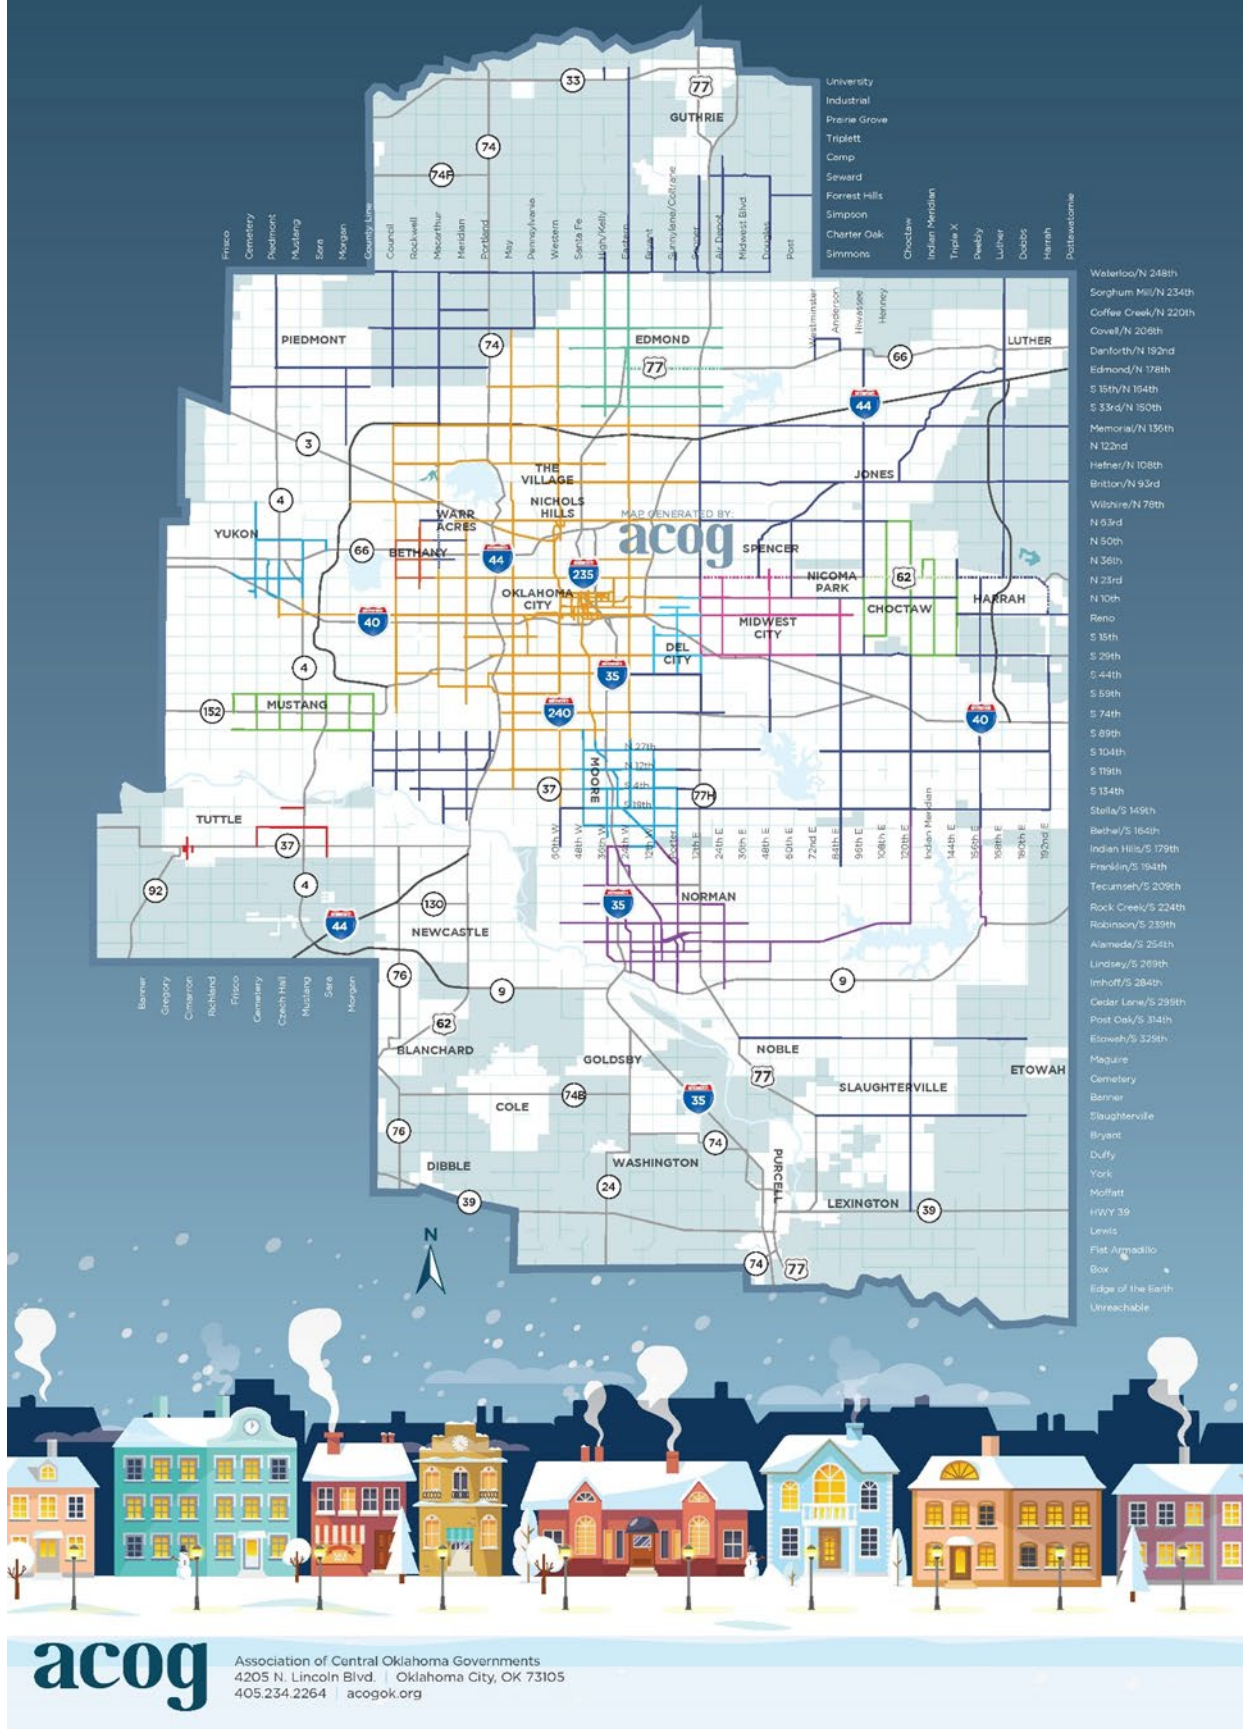

It is critical that the regional snow routes map accurately reflects local snow route plans to ensure consistent public information. **If any changes are necessary, please submit your suggestions by email to jsebesta@acogok.org by Friday, September 27, 2024.** Should significant regional gaps arise due to the requested changes, the Regional Snow Routes Committee may be convened to resolve emerging issues.

A map of the current regional snow routes is attached to this agenda memo or [click at this link](#). More detailed maps showing each jurisdiction's responsibility can be made available upon request.

REGIONAL SAFETY ACTION PLAN UPDATE

DATE:
SEPTEMBER 26, 2024

FROM:
JOHN SHARP
Deputy Director

INFORMATION:

In 2023, ACOG was awarded a \$192,000 Safe Streets and Roads for All (SS4A) federal grant to develop a safety action plan. A Regional Safety Action Plan (RSAP) is a vital endeavor for Central Oklahoma. By establishing a framework, identifying priority areas, and implementing evidence-based strategies, ACOG aims to reduce crashes, injuries, and fatalities, ultimately ensuring the safety and well-being of our community. Ultimately, ACOG is working towards a regional goal of Vision Zero, which is a strategy that considers roadway design, speeds, behaviors, technology, and politics to eliminate traffic fatalities and severe injuries.

Consultants Kimley-Horn and the Gooden Group, along with ACOG staff, hosted the Regional Safety Summit in February 2024 to engage executive leadership, elected officials, and existing and potential participants at all levels. Since then, there have been a number of public interaction workshops and public meetings to gather feedback from residents in the region. An interactive regional map was hosted on ACOG's Safety website to allow the public to mark where they see safety issues. They could also provide detailed comments concerning the types of problems they are experiencing.

ACOG has put together an RSAP Planning Team to help guide the planning process and they have met four times. Over the last couple of months, Kimley-Horn has developed the High Injury Network (HIN) for the region using crashes from 2017-2021. This crash data was from the Oklahoma Highway Safety Office (OHSO). The HIN was developed from the severity of the crashes - fatality, incapacitating injury, and non-incapacitating injury. These crashes were aggregated by crash severity on the regional road network. A list of the highest score HIN corridors was then provided to the RSAP Planning Team for them to choose eight corridors in which to do a deep dive. The consultants and ACOG staff then met with each community that had one of these eight HIN corridors to discuss possible solutions. A presentation on this process will be made at the September meeting.

A draft document will then be presented to the ACOG MPO Policy Committee this fall for their consideration.

PEDESTRIAN SAFETY AWARENESS MONTH

DATE:

SEPTEMBER 26, 2024

FROM:

JOSE JIMENEZ

Transportation Planner I – Safety
Transportation Planning Services

INFORMATION:

October is designated as National Pedestrian Safety Awareness Month by the National Highway Traffic Safety Administration (NHTSA) and the Federal Highway Administration (FHWA). ACOG is planning a series of events this fall and messaging campaigns to help raise awareness in Central Oklahoma during the month of October through mid-November.

Pedestrian Safety Month kicks off with Walk or Roll to School Day which is held nationwide on October 9. Schools in the ACOG region are invited to participate on the day that suits their school best.

Additionally, staff will attend several community events and trunk or treats to share Watch for Me OK material. ACOG is currently working on the Regional Safety Action Plan and several events are planned in October to highlight this plan. More safety tips and information will be shared at these events.

After the success of last year's screening of the Street Project, Watch for Me OK is planning to screen the documentary, 3 Seconds Behind the Wheel, on October 28 at 6 p.m. at the Ronald Norick Downtown Library in Oklahoma City.

More information on these events will be available in the coming weeks. Local communities, schools, and other organizations interested in taking part or hosting an event are encouraged to contact Jose Jimenez at jjimenez@acogok.org.
