

THURSDAY

AGENDA: FEBRUARY 13, 2025

10 A.M.

THE ACOG MPO TECHNICAL COMMITTEE (TC) WILL HOLD A REGULAR MEETING ON THURSDAY, FEBRUARY 13, AT ACOG IN THE OKLAHOMA BOARD ROOM, 4205 N. LINCOLN BLVD., OKLAHOMA CITY, OKLAHOMA.

Please notify ACOG at 405.234.2264 (TDD/TTY Call 7-1-1 Statewide or email title.vi@acogok.org) by 5 p.m. Monday, February 10, if you require accommodations pursuant to the Americans with Disabilities Act or Section 504 of the Rehabilitation Act.

AGENDA

- A. CALL TO ORDER (ATTACHMENT A)
- B. APPROVAL OF THE JANUARY 16, 2024, MINUTES (ATTACHMENT B) Action requested.
- C. ACTION ITEMS:
 - Safety Performance Measures Trends and Targets for CY 2025: Lauren Wood, Transportation Planning Services (TPS) Transportation Planner II - Performance (ATTACHMENT C-1) Action requested.
- D. ITEMS FOR INFORMATION ONLY:
 - 1. Transportation Alternatives Program (TAP) Project Selections: Ethan Mazzio, TPS Transportation Planner II Mobility (ATTACHMENT D-1) For information only.
 - 2. ACOG Area Active Transportation Infrastructure Inventory Review: Jose Jimenez, TPS Transportation Planner I Safety (ATTACHMENT D-2) For information only.
 - 3. Preparation of CY 2024 Network Monitoring Report: Lauren Wood, TPS Transportation Planner II Performance (ATTACHMENT D-3) For information only.
 - 4. 2025 Bike Month: Ethan Mazzio, TPS Transportation Planner II Mobility (ATTACHMENT D-4) For information only.
 - 5. ACOG Regional Air Quality Plan (RAQP): Eric Pollard, TPS Air Quality & Clean Cities Manager (ATTACHMENT D-5) For information only.
- **E. NEW BUSINESS**
- F. ADJOURN

DEADLINE FOR MARCH ACOG MPO TECHNICAL COMMITTEE AGENDA ITEMS: Thursday, February 27, 2025, at 4 p.m.

NEXT ACOG MPO TECHNICAL COMMITTEE MEETING:

Thursday, March 13, 2025, at 10 a.m.

MINUTES OF THE ACOG MPO TECHNICAL COMMITTEE MEETING

DATE:

JANUARY 16, 2025

A regular meeting of the ACOG MPO Technical Committee (TC) was convened on January 16, 2025, at ACOG in the Oklahoma Board Room, 4205 N. Lincoln Blvd., Oklahoma City, Oklahoma. This meeting was held as indicated by advance notice filed with the Oklahoma County Clerk and by notice posted at the ACOG offices at least twenty-four (24) hours prior to the meeting.

PRESIDING CHAIR ENTITY/AGENCY

John M. Sharp, Deputy Director ACOG

A. CALL TO ORDER

Chair John M. Sharp called the meeting to order at 10:05 a.m. He introduced himself and entertained introductions of members, staff, and guests. There was a quorum.

B. APPROVAL OF THE DECEMBER 5, 2024, MINUTES

David Riesland moved to approve the December 5, 2024, minutes. Matt Summers seconded the motion. The motion carried unanimously.

C. ACTION ITEMS:

1. Amendment to the FFY 2024-2027 Transportation Improvement Program

Jennifer Sebesta said COTPA is requesting an amendment to the FFY 2025 Transit Element of the current TIP. This amendment is needed to program FTA Section 5310 funds for mobility management, preventive maintenance, and purchase of new or replacement vehicles.

Michael Glessner asked for the reason behind moving the Section 5310 formula funds from ODOT to COTPA. Chip Nolen said these funds focus on the urbanized area, which COTPA works with, and ODOT focuses on the rural areas.

Justin Henry moved to recommend that the ACOG MPO Policy Committee amend the FFY 2024-2027 Transportation Improvement Program by updating the COTPA FFY 2025 Transit Element with the attached program of projects, and submitting the same to the Oklahoma Department of Transportation (ODOT) for amendment of the Statewide Transportation Improvement Program (STIP). David Riesland seconded the motion. The motion carried unanimously.

2. Amendment to the FY 2025 Unified Planning Work Program (UPWP)

Jennifer Sebesta highlighted the information as detailed in the agenda memorandum. There was no discussion.

Matt Summers moved to recommend that the ACOG MPO Policy Committee amend the language in the FY 2025 UPWP to reflect the new transit-oriented development award from FTA to Oklahoma City. David Riesland seconded the motion. The motion carried unanimously.

D. ITEMS FOR INFORMATION ONLY:

\$700 million within the ACOG footprint.

 Oklahoma Department of Transportation (ODOT) 8-Year Construction Work Plan Presentation

John Sharp said Emily Pehrson and Kendall Wallace, Project Managers at ODOT, were here today to give a presentation on ODOT's 8-Year Plan.

Ms. Pehrson said she was with ODOT District 4, whose footprint includes Oklahoma and Canadian Counties up to Kansas along the I-35 corridor, including Kay, Grant, and Noble Counties. She said to get to the interactive Construction Work Plan, go to Oklahoma.gov/ODOT and then click on Programs & Projects and choose the 8-year Construction Work Plan, or you can click on this link: https://oklahoma.gov/odot/programs-and-projects/projects/8-year-construction-work-plan.html. She said when you click "View Full Screen," it will incorrectly say FFY 2023, but the data reflected is current. She then mentioned a few of the projects District 4

would be working on, and noted that over the 8-Year Plan, ODOT is investing roughly

Mr. Wallace said he oversees ODOT District 3, which is primarily Cleveland and McClain Counties. He then went over some of the major projects in District 3. He said if anyone has questions about what they see on the ODOT website, to please feel free to contact them.

Ms. Pehrson said the Plan is updated yearly, and the final packet is completed either late September or early October.

2. Quarterly Transit Coordination Meeting Update

Ethan Mazzio presented the following update from the December 4 Quarterly Transit Coordination meeting:

ODOT

• In December, ODOT conducted a grant subrecipient training session on BlackCat, a new grant management system. ODOT will continue to offer additional training sessions as more transit programs are transitioned to the BlackCat system.

ACOG

- ACOG is pleased to report that, as of December 12, several cities in the Central Oklahoma region have adopted the 2024 Regional Safety Action Plan (RSAP) and Vision Zero policy, including the cities of Goldsby, Harrah, Moore, Nichols Hills, Noble, Norman, and Yukon.
- In late 2024, ACOG published a request for proposals for the development of a congestion management process (CMP) for the Central Oklahoma region. The contract has since been awarded to Olsson. Olsson also conducted the 2016 congestion management process update for the Central Oklahoma region.
- ACOG expects to release a request for proposals for the 2050 Central Oklahoma Metropolitan Transportation Plan (MTP) in early 2025.
- The Central Oklahoma Long Range Transit Plan (LRTP) will be further discussed today. A stakeholder workshop was held in December 2024 to discuss transit generators and apply for central transit connections. This workshop marks the conclusion of the assessment of existing conditions. In January, there will be the evaluation phase.

COTPA

- COTPA is installing a new Computer Aided Dispatch and Automatic Vehicle
 Location (CAD/AVL) system on Bus Rapid Transit (BRT), fixed route, and
 streetcar systems called Clever. The new system provides tools to utilize Average
 Propensity to Consume (APC) data instead of farebox data for National Transit
 Database (NTD) reporting. COTPA is currently collecting manual counts using
 electronic tablets and comparing the data against Clever's APC data for BRT
 service. Both data sets must match within 5 percent. COTPA expects to undergo
 the same benchmarking process for its fixed route and streetcar networks in
 2025.
- COTPA is also transitioning its route planning and scheduling software from Trapeze to MAIOR, building all routes, stops, schedules and runs in both MAIOR and Trapeze while IT works on phasing out Trapeze. New tools allow the agency to compare actual running times for every trip against the scheduled run times. The system collects actual runtime data collected from every bus with a Clever computer on-board.
- EMBARK has received a RAISE grant to fund a transit center feasibility study. A
 new small transit center has been included as a component of the new Thunder
 arena parking structure. The agency will coordinate with the City of
 Oklahoma City MAPS office on construction of these facilities, and the agency
 will coordinate with the City of Oklahoma City Planning Department on how best
 to utilize the new and existing transit centers.

 In 2025, EMBARK expects to begin work to update the Locally Coordinated Human Services Transportation Plan, and will look to ACOG and ODOT for support. The last plan update was completed in 2008. An updated plan is required to maintain eligibility for the Enhanced Mobility for Seniors and Individuals with Disabilities (FTA Section 5310) program.

City of Norman

• Ridership numbers for the month of October 2024 show an increase of 22.67 percent compared to October 2023. This may be attributable to the City establishing a new fixed route network in October 2023.

Citylink

- Citywide Access Paratransit (CAP) ridership is maintaining steady growth following a notable jump in Q3. The agency has received and is considering requests for expansion beyond its current service area, which is within 0.75 miles of fixed route corridors.
- Since launching the Passio GO App, which provides fixed route scheduling and vehicle location information to customers in real time, Citylink is actively working to improve system capability.
- Citylink has been working with Ecolane to launch a mobile trip booking software for microtransit and paratransit services; they expect to launch an app in early 2025.

Oklahoma City Planning Department

- In November, the City of Oklahoma City was awarded \$975,000 under the Federal Transit Administration (FTA) Transit-Oriented Development Planning Pilot Program. The grant will fund a plan to encourage new transit-oriented development and affordable housing, as well as improve pedestrian and bicyclist connections along the Classen Corridor's Northwest Bus Rapid Transit (RAPID NW) line.
- The Vision Zero Action Plan is currently in first draft review and is expected to be finalized in early 2025. The planning process has built momentum among stakeholders, and the City intends to pursue implementation funding once the plan is finalized.

John Sharp noted that the BRT is exceeding the numbers they expected. They hit 500,000 customers since they launched in December.

3. Central Oklahoma Long Range Transit Plan Public Involvement

Chip Nolen said this process began in August 2024, noting this plan has not been updated in a long time and then gave a brief history of how we got here. The MAPS program set aside funding for planning and partnered with ACOG for additional funding, making it a regional transit plan. Consultant Kimley-Horn will wrap up the study this summer.

John Sharp said ACOG receives FTA planning funds each year and decided to apply some of those funds to this regional project. He said the last transit study was the Fixed Guideway Study in 2005, so we are 20 years out of date. This is a great opportunity to go forward.

Mr. Sharp then gave the following presentation: https://www.acogok.org/wp-content/uploads/2025/01/2025.01.16.2025_ACOG-Committees_CentralOKLRTPProjectUpdate.pdf

4. Preparation of CY 2024 Network Monitoring Report

Lauren Wood highlighted the information as detailed in the agenda memorandum, noting that submission of the survey for CY 2024 is due by Monday, March 3, 2025. Chair Sharp referred to the survey contact list attached to the agenda memorandum, saying that if changes need to be made, to please let staff know.

5. Preparation for FY 2026 Unified Planning Work Program (UPWP) - Subcommittee Schedule

Jennifer Sebesta referred to the UPWP Subcommittee schedule following the agenda memorandum, noting that the meetings will be held virtually. She said if anyone would like to attend, to please let her know so she can include them on the invite.

Projects in the ACOG MPO Transportation Management Area (TMA)
 John Sharp said these projects would be discussed following close of this meeting.

E. NEW BUSINESS

None.

F. ADJOURN

There being no further business, Mr. Sharp adjourned the meeting at 10:38 a.m.

REGULAR AGENDA ITEMS THAT MAY REQUIRE ACOG MPO TECHNICAL COMMITTEE ACTION

SUBJECT:

SAFETY PERFORMANCE MEASURES TRENDS AND TARGETS FOR CY 2025

DATE:

FEBRUARY 13, 2025

FROM:

LAUREN WOOD

Transportation Planner II - Performance Transportation Planning Services

INFORMATION:

Performance-based planning and programming has become a national emphasis per recent federal transportation legislation—namely, the 2012 Moving Ahead for Progress in the 21st Century (MAP-21) Act, 2015 Fixing America's Surface Transportation (FAST) Act, and 2021 Infrastructure Investment and Jobs Act (IIJA). Federal planning requirements direct metropolitan planning organizations (MPOs) to coordinate with their respective state department of transportation and area public transportation providers in developing 14 performance measures and targets to track and maximize the benefits of transportation planning decisions and infrastructure investments.

Recently the Oklahoma Department of Transportation (ODOT) submitted the five required safety targets to FHWA. Now, ACOG as an MPO, needs to identify and submit the regional safety targets for those same five performance measures. Federal guidance states that the MPOs may either support the targets of the state, or may submit their own targets based on the regional data. In either instance, ACOG will need to report on the measures and the targets, and eventually explain how the region is making progress towards reaching those targets. This occurs through both the short-range plan (TIP) and Metropolitan Transportation Plan (MTP). In particular, projects should be selected using criteria which help support the goals, measures, and targets established by the region in the MTP.

The staff presentation will outline possible options for the regional safety targets and the attachment on the next page summarizes these options and recommendations.

Please contact Lauren Wood with any comments, questions, or suggestions at lwood@acogok.org or 405-234-2264.

ACTION REQUESTED:

Consider recommending that the ACOG MPO PC approve the proposed selected safety targets options and submit the same to ODOT.

OVERVIEW OF RECOMMENDED CY 2025 SAFETY TARGETS

Performance Measures		ODOT's Targets (Current 2023, Target 2025)		ACOG's Recommended Targets*	
	Current	684			
Total Fatalities	Target	770	Increasing	Support ODOT's Target	
Fatality Data*	Current	1.59	Ingrassing	Cupport ODOT's Target	
Fatality Rate*	Target	1.70	Increasing	Support ODOT's Target	
Tatal Caviana Inimiaa	Current	2,070	Dograpsing	Compared ODOT's Taylord	
Total Serious Injuries	Target	2,054	Decreasing	Support ODOT's Target	
Corious Injury Dato*	Current	4.79	Dograpsing	Cupport ODOT's Target	
Serious Injury Rate*	Target	4.55	Decreasing	Support ODOT's Target	
Total Non-Motorized	Current	293	Increasing	Support ODOT's Target	
Fatalities and Serious Injuries	Target	299	Increasing	Support ODOT's Target	

^{*} Using ODOT's targets due to lack of recent accurate data.

ITEMS FOR INFORMATION ONLY

SUBJECT:

TRANSPORTATION ALTERNATIVES PROGRAM (TAP) PROJECT SELECTIONS

DATE:

FEBRUARY 13, 2025

FROM:

ETHAN MAZZIO

Transportation Planner II - Mobility Transportation Planning Services

INFORMATION:

On June 12, 2024, ACOG issued a Call for Projects (CFP) for the \$7.5 million in Transportation Alternatives Program (TAP) funds assigned to the <u>ACOG Adjusted Urbanized Area</u>. ACOG received 18 applications for this competitive grant program, totaling \$14.8 million in requests for federal TAP funding.

ACOG staff completed its review of the 2024-2025 TAP applications, scoring sheets, and supporting documentation that were submitted by member entities. This process included verifying project components and scoring accuracy. All applications were also reviewed by Oklahoma Department of Transportation (ODOT) staff.

After conducting a review of 2024-2025 TAP applications, ACOG has identified 9 projects to receive full or partial funding, as well as 2 projects as alternates to receive additional funding as it may become available.

The projects selected for funding, as well as the alternate projects, can be found on the following page.

ACTION REQUESTED:

TABLE 1: 2024-202S TAP RECOMMENDED PROJECT AWARD LIST

Recommended TAP Project Selections

Score	Lead	TIP ID	Project Title	Project Type	Est. Fed Share	Amount Awarded	Cumulative Total
91	OKC	255	W. Wilshire Multi-Use Trail ¹	Other Trails	1,454,790	1,304,790	1,304,790

Score	Lead	TIP ID	Project Title	Project Type	Est. Fed Share	Amount Awarded	Cumulative Total
66	NOB	266	8 th Pioneer Sidewalks	Pedestrian & Bicycle	857,200	-	-
64	NOB	265	Maguire Senior to Hubbard Sidewalks	Pedestrian & Bicycle	592,710	-	-

¹Project is subject to a reduction in award commensurate with a modification of project scope and is overmatched by entity; Project overmatch is \$150,000.

All projects are capped at the awarded amount.

Total Funds Available	7,500,000
Total TAP Funds Programmed	7,488,991
Remaining Balance	11,009 4

 $^{^2}$ Project is subject to individual project funding cap and is overmatched by entity; Project overmatch is \$3,023,200.

³ Project is subject to single-entity funding cap and is overmatched by entity; Project overmatch is \$350,441.

⁴Remaining \$11,009 will be rolled to the next TAP funding cycle (tentatively FY 2026/2027).

SUBJECT:

ACOG AREA ACTIVE TRANSPORTATION INFRASTRUCTURE INVENTORY REVIEW

DATE:

FEBRUARY 13, 2025

FROM:

JOSE JIMENEZ

Transportation Planner I - Safety Transportation Planning Services

INFORMATION:

As part of ongoing efforts to maintain an accurate and comprehensive inventory of active transportation infrastructure, ACOG staff is requesting that ATAC members review the current and planned Active Transportation map for the ACOG region. The goal is to ensure that all existing, newly completed, and updated planned bike lanes, sidewalks, trails, shared-use paths, and other relevant facilities are accurately represented.

Members are encouraged to thoroughly assess the map and provide feedback on any infrastructure that may be missing or incorrectly displayed. This includes, but is not limited to:

- New infrastructure completed in your jurisdiction that is not currently reflected.
- Existing infrastructure that may have been overlooked in the current map.
- Corrections to mislabeled or inaccurately mapped infrastructure.
- Changes in plans that need to be incorporated or removed.
- Verify the year when the infrastructure was opened or its future opening.

Please submit your updates and edits via email to Jose Jimenez at <u>jjimenez@acogok.org</u> by February 27, 2025. These updates will be crucial for the 2050 Metropolitan Transportation Plan update.

Please use the following links to access the webmaps:

ACOG Existing Bike Network Dec 2024

ACOG Planned Bike Network Jan 2025

ACTION REQUESTED:

SUBJECT:

PREPARATION OF CY 2024 NETWORK MONITORING REPORT

DATE:

FEBRUARY 13, 2025

FROM:

LAUREN WOOD

Transportation Planner II - Performance Transportation Planning Services

INFORMATION:

ACOG staff will soon be preparing the CY 2024 Network Monitoring Report, as called for by the Unified Planning Work Program. The purpose of this report is to maintain current information on the implementation of multimodal transportation improvements in the ACOG MPO area in conformance with the goals of the metropolitan transportation plan, as well as to update the regional transportation model. The report will identify all projects completed in 2024 resulting in increased transportation choices, improved traffic flow, and/or increased street/highway network capacities in the region. This information will also be used for analyses to determine the relationship between network improvements and crash rates.

Your assistance is requested in identifying all transportation projects within your jurisdiction that were complete/implemented during calendar year 2024, regardless of the source of funding or party responsible for construction. A representative of each entity (refer to the attached page) was emailed a survey (Excel file) and asked to provide information about roadway, transit, and bicycle/pedestrian improvements completed within their jurisdiction during the past year. Entities that have submitted data as of Monday, February 3, are highlighted in yellow.

Please submit your surveys to ACOG by Monday, March 3, 2025. As noted in the survey, in the event there were no applicable projects completed in your entity during 2024, a response to that effect would be appreciated as well. Please email the completed surveys to TPS Grants at tpsgrants@acogok.org.

A survey or a response stating no applicable projects were completed is required to apply for all transportation grant programs.

The survey can be downloaded here: Network Monitoring Survey CY 2024 (Excel file).

SUBJECT:

2025 BIKE MONTH

DATE:

FEBRUARY 13, 2025

FROM:

ETHAN MAZZIO

Transportation Planner II - Mobility Transportation Planning Services

INFORMATION:

May is National Bike Month, sponsored by the League of American Bicyclists and celebrated in communities from coast to coast. Established in 1956, National Bike Month is a chance to showcase the many benefits of bicycling and encourage more residents to give biking a try. ACOG is planning the following events and activities to promote bicycling for transportation, recreation, and health.

BikeFest will serve as the kick-off to Bike Month and will feature bike shops and organizations, music, activities for kids, bicycle demonstrations, and more! BikeFest will take place Sunday, May 4, 2025, from 12:00 p.m. to 3:00 p.m. at the Wheeler Ferris Wheel (1701 S. Western Ave., Oklahoma City, OK).

Bike to Work Week will take place May 12-18, 2025, and **Bike to Work Day** is Friday, May 16. Please begin planning your Bike to Work Day group rides and routes, and let ACOG know the routes you plan to take. Like in previous years, ACOG will assist in planning and create promotional materials for each event. Please contact Ethan Mazzio at emazzio@acogok.org as soon as you know your event details.

Check back at https://bikemonthok.org/ for more information about Bike Month in Central Oklahoma.

ACOG REGIONAL AIR QUALITY PLAN (RAQP)

DATE:

FEBRUARY 13, 2025

FROM:

ERIC POLLARD

Air Quality & Clean Cities Manager

INFORMATION:

As a follow-up to the 2022 Cost of Nonattainment Study and decades of air quality planning, ACOG, working with selected consultants Reagan Smith and MHT Consulting, have developed a Regional Air Quality Plan. This endeavor provides for the first time a strategic roadmap of how Central Oklahoma can remain in-attainment with the National Ambient Air Quality Standards (NAAQS).

The Plan is one of the recommended actions that addresses the ACOG Board's 2022 Air Quality Regional Vision Statement: "Continue to lead the effort to maintain the OKC Metropolitan area in attainment of EPA's NAAQS, which includes ozone, particulate matter (PM) standards, and support regional approaches to greenhouse gas emissions (GHG) reduction strategies." This Plan was presented and approved by the ACOG Board of Directors on January 23, 2025.

The RAQP is designed to help the region:

- Reduce pollution levels and improve outdoor ambient air quality within the eight-county Oklahoma MSA and Oklahoma City-Shawnee CSA
- Reduce emissions from within the region
- Mitigate the health, environmental, economic, and social impacts of regional air pollution

With this plan, ACOG members and stakeholders will better understand current air quality status and sources of emissions, understand what other regions are doing to improve air quality, identify private sector emissions reduction strategies, further establish transportation sector emissions reduction plans, explore policy and funding opportunities, prioritize equity considerations and environmental justice, as well as air quality improvement action and implementation items for ACOG members and staff.

The following links provide the background information: <u>RAQP Guide</u> and <u>Executive Summary</u>. The final report will be available on ACOG's website in March.
