### A. CALL TO ORDER

Chair John M. Sharp called the meeting to order at 10:02 a.m.

### B. APPROVAL OF THE NOVEMBER 13, 2025, MINUTES

David Riesland moved to approve the November 13, 2025, minutes. Ryan Baker seconded the motion. The motion carried unanimously.

### C. ACTION ITEMS:

None

### D. ITEMS FOR INFORMATION ONLY:

#### 1. Encompass 2050 Metropolitan Transportation Plan (MTP)

Jennifer Sebesta introduced Luke Schmidt, of Kimley-Horn and he gave the following presentation: [https://www.acogok.org/wp-content/uploads/2026/01/20251211\\_TC.pdf](https://www.acogok.org/wp-content/uploads/2026/01/20251211_TC.pdf).

Mr. Schmidt asked if anyone had ideas they would like to have included in the 2050 MTP. Feedback was provided from many of the committee members in attendance.

Ms. Sebesta said ACOG will have its first stakeholder advisory group meeting for the 2050 Plan next Thursday at 10:30 a.m. She said they will receive an email invite today. She requested that they reply with an RSVP.

#### 2. OKC Metropolitan Statistical Area (MSA) Comprehensive Climate Action Plan – Transportation and Mobility Actions

Eric Pollard highlighted the information as detailed in the agenda memorandum. He appreciated everyone's input in setting the priorities. Mr. Sharp added that this was Part 2 of the heavy lift of this four-year Climate Pollution Reduction Grant. Over the next two years there will be reports on how our region is doing.

#### 3. Grant Opportunities

Ethan Mazzio reviewed the grant opportunities that are available to member entities, as detailed in the agenda memorandum. Mr. Sharp encouraged the committee members to share this information with their staff who may have an interest in these grants.

#### 4. Preliminary 2050 ACOG MPO Transportation Management Area (TMA) Employment Projections by County and City

John Sharp presented the information as detailed in the agenda memorandum. He said the employment projections are done every five years for the MTP.

### E. NEW BUSINESS

#### ***Congested Corridors Survey***

Jennifer Sebesta asked that the committee members fill out the survey they received by email regarding the different strategies to address congested corridors. She said the deadline for feedback is Monday, December 15.

#### ***Route 66 Grants Needed?***

Eric Pollard asked if anyone needed ACOG staff assistance for Route 66 centennial planning. Cailyn Prather said it would be helpful.

#### ***Harry Fenton Retiring***

John Sharp announced that Harry Fenton is retiring January 2, 2026. He said Harry worked for the Oklahoma Department of Transportation, then moved to Oklahoma County for many years, and finally moved to the City of Edmond in 2021 as an Engineer. He has been a

long-time attendee (34 years) at the ACOG meetings. Mr. Sharp wished him well and the committee applauded. The City of Edmond provided treats for the group in honor of Mr. Fenton.

***Central Oklahoma Home Water Line***

Cailyn Prather said she is on a non-profit board called Central Oklahoma Home Water Line. She said one of the things they offer municipalities is a rain barrel grant, so if they are doing any type of event, they can request that grant and the non-profit board will give them with a rain barrel. She said her email address is [cprather@yukonok.gov](mailto:cprather@yukonok.gov) if they want any more information.

***Legislation***

Ryan Baker said two city legislators and one former legislator have formally pushed the initiative to eliminate property tax on residential. He said that is something to watch.

**F. ADJOURN**

After further discussion, Chair Sharp adjourned the meeting at 11:14 a.m.

## ATTACHMENT C-1

### **SUBJECT:**

**FFY 2029 SURFACE TRANSPORTATION BLOCK GRANT - URBANIZED AREA (STBG-UZA) PROJECT SELECTIONS**

### **DATE:**

JANUARY 15, 2026

### **FROM:**

**JENNIFER SEBESTA**

Transportation Planning Services (TPS) Division Manager

### **INFORMATION:**

On September 2, 2025, the Association of Central Governments (ACOG) issued a Call for Projects for the Surface Transportation Block Grant – Urbanized Area (STBG-UZA) Program funds assigned to the ACOG MPO area. ACOG received 29 applications for this competitive grant program, requesting \$92,991,247 in federal STBG-UZA funding.

As with past years, an estimated apportionment of STBG-UZA has been developed in consultation with the Programs Division of the Oklahoma Department of Transportation (ODOT). These figures reflect the estimated STBG-UZA apportionment that are anticipated to be received in FFY 2029, which is the last locked year of the FFY 2026-2029 ACOG MPO Transportation Improvement Program (TIP). In addition to the yearly federal apportionment, ODOT is providing additional funding for this call for projects cycle, bringing the available federal funding for each year to \$40 million. Federal rules allow 10 percent of the estimated STBG distribution to be used to finance 100 percent of the construction of eligible safety projects. These funds will be 10 percent of the adjusted federal apportionment amount per year.

The estimated annual STBG-UZA (80 percent federal) and STBG-UZA Safety (100 percent federal) funds are available in [Table 1](#).

The remainder of the projects not selected for funding can be resubmitted for consideration in the next STBG-UZA Call for Projects. It should be noted that a year-of-expenditure inflation factor has been applied to the project cost estimates submitted by the project sponsors, as required by federal regulation. An inflation factor of 3 percent was used for FFY 2029.

### **ACTION REQUESTED:**

Consider recommending that the ACOG MPO Policy Committee approve funding for the FFY 2029 STBG-UZA Recommended Project Award List ([Table 2](#)).

### **SUBJECT:**

**SELECTION OF FY 2026 ACOG AIR QUALITY GRANT PROGRAM PROJECTS**

### **DATE:**

JANUARY 15, 2026

### **FROM:**

**ETHAN MAZZIO**

Transportation Planner III - Mobility

### **INFORMATION:**

On September 2, 2025, ACOG opened a Call for Projects for the FY 2026 ACOG Air Quality Grant (AQG) Program. The program serves to meet the goals of the federal Congestion Mitigation and Air Quality (CMAQ) Improvement Program and/or Carbon Reduction Program (CRP) by supporting projects that relieve congestion, reduce transportation emissions, and improve air quality.

Approximately \$7 million in CMAQ and CRP funding was made available for award through the FY 2026 AQG Program, with additional CMAQ and CRP funding made available for award through the FY 2026 Public Fleet Conversion Clean Air Grants Program. Please note that ACOG reserves the right to allocate CMAQ and CRP funding between the programs contingent on the volume of applications and funding requests.

ACOG received fifteen (15) applications for the FY 2026 AQG Program, totaling \$8,521,228 in federal funds requests.

Project award recommendations for the FY 2026 ACOG Air Quality Grant Program are available on the following page [\(Table 1\)](#). Fourteen (14) projects are recommended for a total federal award of \$7,734,678, and \$9,848,344 in total project costs.

### **ACTION REQUESTED:**

Consider recommending that the ACOG MPO Policy Committee approve the attached FY 2026 AQG Program Recommended Project Award List, awarding \$7,734,678 in federal funding to 14 projects across the ACOG MPO area.

### **SUBJECT:**

### **SELECTION OF FY 2026 ACOG PUBLIC FLEET CLEAN AIR GRANT PROGRAM PROJECTS**

### **DATE:**

JANUARY 15, 2026

### **FROM:**

**DAVID FRICK**

Air Quality & Clean Cities Planner III

### **INFORMATION:**

On September 2, 2025, the Association of Central Oklahoma Governments (ACOG) issued its FY 2026 Public Fleet Clean Air Grant Program Call for Projects.

Congestion Mitigation and Air Quality (CMAQ) funds and Carbon Reduction Program (CRP) assigned to the ACOG MPO area provide the resources for these competitive grant awards. Eligible projects include fleet conversion to clean fuel technologies, the acquisition of alternative fuel or hybrid vehicles, and/or the purchase and installation of alternative fuel vehicle refueling or recharging infrastructure.

Eligible entities include: ACOG MPO local government member entities, member public transit fleets, public trusts and public authorities that provide essential services to member entities, public colleges and universities, Oklahoma Career Tech System Technology Centers, public school districts, and Public-Private Partnerships (PPPs). For example, private sector entities that contract services such as refuse hauling or school transportation or the establishment of alternative fueling station operations and maintenance to eligible area public entities.

Only the incremental cost of a vehicle's alternative fuel system can be considered for funding under CMAQ guidelines. Federal cost share cannot be more than 80 percent of the total project cost, which includes the vehicle base price plus the cost of incremental alternative fuel system, and any fueling or charging infrastructure. The grant defrays either the incremental cost of an alternative fuel vehicle and/or up to 80 percent of the cost of fueling and charging infrastructure equipment.

Seven (7) applications totaling \$4,161,979 were received for consideration of the approximately \$7,000,000 in CMAQ and CRP funds available. The projects recommended for award are shown in [Table 1](#).

### **ACTION REQUESTED:**

Consider recommending that the ACOG MPO Policy Committee approve the seven (7) projects listed above for funding (\$4,161,979), utilizing CMAQ and CRP funds allocated to the ACOG Public Fleet Clean Air Grant Program.

**SAFETY PERFORMANCE MEASURES TRENDS AND TARGETS FOR CY 2026**

Transportation Planner III - Performance

### **INFORMATION:**

Performance-based planning and programming has become a national emphasis per recent federal transportation legislation—namely, the 2012 Moving Ahead for Progress in the 21st Century (MAP-21) Act, 2015 Fixing America's Surface Transportation (FAST) Act, and 2021 Infrastructure Investment and Jobs Act (IIJA). Federal planning requirements direct metropolitan planning organizations (MPOs) to coordinate with their respective state department of transportation and area public transportation providers in developing 14 performance measures and targets to track and maximize the benefits of transportation planning decisions and infrastructure investments.

Recently the Oklahoma Department of Transportation (ODOT) submitted the five required safety targets to FHWA. Now ACOG, as an MPO, needs to identify and submit regional safety targets for those same five performance measures. Federal guidance states that MPOs may either support the targets of the state, or may submit their own targets based on the data from the region. In either instance, ACOG will need to report on the measures and the targets, and eventually explain how the region is making progress towards reaching those targets. This occurs through both the short-range plan (TIP) and the Metropolitan Transportation Plan (MTP). In particular, projects should be selected using criteria which help support the goals, measures, and targets established by the region in the MTP.

[Table 1](#) depicts ODOT's adopted targets, as well as ACOG's recommendations for the regional targets.

Please contact Lauren Wood with any comments, questions, or suggestions at [lwood@acogok.org](mailto:lwood@acogok.org) or (405) 234-2264.

### **ACTION REQUESTED:**

Consider recommending that the ACOG MPO Policy Committee approve the selected safety targets for CY 2026 and submit the same to ODOT.

### **SUBJECT:** **GRANT OPPORTUNITIES**

**DATE:**  
JANUARY 15, 2026

**FROM:**  
**ETHAN MAZZIO**  
Transportation Planner III – Mobility

### **INFORMATION:**

ACOG continues to provide information to members and committees on available grants in Central Oklahoma. Below is information on a few open grant opportunities in the region.

#### **Hometown Grants Program – T-Mobile & Main Street America**

- Q1 2026 application window opened January 1, 2026, and closes March 31, 2026.
- Award amounts up to \$50,000. No match required. Projects must be able to be executed within 12 months of receiving funds. Applicants must have a population <50,000.
- This program is designed for communities looking to build, rebuild, create, or refresh connection points in their communities, such as historic buildings, libraries, parks, trails, community gardens and kitchens, and more. Projects must be shovel-ready and be able to be executed within 12 months of receiving funds.
- For more information, visit: <https://www.t-mobile.com/brand/hometown-grants>

#### **Brownfields and Land Revitalization Programs – US Environmental Protection Agency (EPA)**

- Application window for multiple funding opportunities closes January 28, 2026.
- Programs provide funding and technical assistance to states, communities, and other stakeholders to prevent, assess, safely clean up, and sustainably reuse brownfield sites.
- No match required.
- Assessment grants: applicants may apply for up to \$1 million to conduct contamination assessments, site inventorying, site redevelopment planning, and community engagement.
- Cleanup grants: applicants may apply for up to \$4 million to clean up one or more sites contaminated by petroleum, hazardous substances, or other pollutants or contaminants.
- Multipurpose grants: applicants may apply for up to \$800,000 to conduct a number of eligible activities under the Multipurpose, Assessment, RLF, and Cleanup (MARC) program.
- For more information, including Notice of Funding Opportunities (NOFOs) and other resources, visit: <https://www.epa.gov/brownfields/types-funding>

#### **Recreational Trails Program – Oklahoma Tourism & Recreation**

- Entities who wish to apply online must request a submission link by January 23, 2026. Application window closes January 30, 2026.
- Maximum award \$300,000; conferred on a reimbursement basis. Minimum 20% local match.
- Eligible applicants include 501(c)(3) nonprofit agencies, substate planning authorities, and federal, state, county, and local governments.

- Program supports the development of recreational trail and trail-related projects. Eligible uses include lighting, fencing, benches, bridges, ramps, trail maintenance and rehabilitation, parking, restrooms, direct labor or service contracts, acquisition of land or permanent easement, and site-specific engineering and design.
- For more information, visit: <https://otrd.travelok.com/recreational-trails-program/>

#### **Transportation Alternatives (TA) Program – Oklahoma Department of Transportation**

- Final application window opens January 1, 2026, and closes January 31, 2026.
- Recommended federal funds request \$700,000-\$1,200,000. Minimum 10% local match for communities <5,000; 20% match for communities 5,000 or greater. State funds may be used as match.
- Eligible applicants include nonprofits, schools and districts, transit agencies, MPOs that serve an urbanized area with a population of 200,000 or fewer, and state, tribal, and local governments.
- Program supports projects that advance non-motorized transportation modes, improve quality of life, and protect the natural environment. Eligible uses include construction, planning, and design of on- and off-road bicycle/pedestrian facilities, safe routes to schools, and conversion of abandoned rail corridors; eligible uses under the Recreational Trails Program (RTP); and various historic preservation and environmental mitigation activities.
- For more information, and to review the TA Program Guidance & Application Packet, visit: <https://oklahoma.gov/odot/business-center/local-government-resource-center/transportation-alternatives-program.html>
