MINUTES

A. **CALL TO ORDER**

Chair David Russell called the meeting to order at 9:00 a.m. A quorum was present.

B. **APPROVAL OF THE SEPTEMBER 11, 2025, MEETING MINUTES**

Dan Kassik moved to approve the September 11, 2025, minutes. Michael Glessner seconded the motion. The motion carried unanimously.

C. **ACTION ITEMS:**

1. **Election of Officers for Calendar (Year) 2026**

   Ethan Mazzio highlighted the information provided in the agenda memorandum. Dan Kassik moved to nominate David Russell as Chair. Michael Glessner nominated Dan Kassik for Vice Chair. Terry Arps seconded the motion. The motion carried unanimously.

D. **ITEMS FOR INFORMATION ONLY:**

1. Committee Meeting Schedule for CY Year 2026

   Ethan Mazzio highlighted the information provided in the agenda memorandum on the meeting schedule for APTAC 2026.

2. Grant Opportunities

   Ethan Mazzio highlighted the information provided in the agenda memorandum.

   Built Environment Grants – Tobacco Settlement Endowment Trust (TSET)
   For more information, please visit: https://oklahoma.gov/tset/funding-opportunities/tset-healthy-incentive-grantscommunities.html

   Healthy Incentives Grants for Communities – Tobacco Settlement Endowment Trust (TSET)

For more information, visit: https://www.keepoklahomabeautiful.com/keep-route-66beautiful/

3. Preliminary 2050 ACOG Transportation Management Area (TMA) County and City Population Projections.

    John Sharp highlighted the information as detailed in the agenda memorandum. There is concern about the adjusted 2050 totals, which are quite high. He said communities must have capacity to provide services for these future population numbers. The implication if these numbers are used is that traffic could vastly increase, and additional water supplies and water treatment plants must be added. Not all the communities have the financial capacity for these improvements.

    Mr. Sharp said Newcastle is growing and they are getting a new hospital that will bring jobs and possibly residents also. David Russell asked John Sharp what he had forecasted for Mustang that they would lose 10 percent of their population between 2025 and 2050.

    There was a discussion regarding affordable housing in their community.

E. **UPDATE FROM MEMBERS:**

    None

F. **NEW BUSINESS:**

    None

G. **ADJOURN**

    There being no further business, the meeting was adjourned at 9:56 a.m.

2026 BIKE MONTH

DATE:

MARCH 12, 2026

FROM:

ETHAN MAZZIO
Transportation Planner III – Mobility

INFORMATION:

May is National Bike Month, sponsored by the League of American Bicyclists and celebrated in communities from coast to coast. Established in 1956, National Bike Month is a chance to showcase the many benefits of bicycling and encourage more residents to give biking a try. ACOG is planning the following events and activities to promote bicycling for transportation, recreation, and health.

BikeFest will serve as the kick-off to Bike Month and will feature bike shops and organizations, activities for kids, bicycle demonstrations, and more! BikeFest will take place Sunday, May 3, 2026, from 12:00 p.m. to 3:00 p.m. at the Wheeler Ferris Wheel (1701 S. Western Ave., Oklahoma City, Oklahoma).

National Bike & Roll to School Day will take place Wednesday, May 6, 2026. Bike & Roll to School Day invites participants to celebrate the joy of active commuting while building a sense of community and school spirit. Communities are encouraged to coordinate activities with their school districts and bike clubs or other organizations. Events like bike busses – chaperoned bicycle rides designed to help children bike to school safely – promote exercise, reduce congestion, and normalize cycling as a means of transit. While May 6 is this year's official date, communities are welcome to celebrate any day in May that fits their schedules.

Bike to Place of Worship will take place May 15-17, 2026. Bike to Place of Worship offers citizens and faith leaders an opportunity to strengthen the connections within their congregations by organizing group rides to church, mosque, synagogue, or other place of worship.

Bike to Work Week will take place May 11–17, 2026, and **Bike to Work Day** is Friday, May 15. As in previous years, ACOG staff are available to assist in planning your community's event. If you would like ACOG to create promotional materials for your community's event, please forward your Bike to Work Day event details to emazzio@acogok.org and pmoll@acogok.org no later than **Monday, April 6, 2026.**

Check back at https://bikemonthok.org/ for more information about Bike Month in Central Oklahoma.

2025 RESIDENTIAL AND COMMERCIAL BUILDING PERMIT REQUEST

DATE:

MARCH 12, 2026

FROM:

JOHN SHARP

Deputy Director

INFORMATION:

ACOG staff is requesting 2025 building permit data from member communities to support ongoing regional transportation planning efforts, as well as the development of the 2050 Metropolitan Transportation Plan (MTP).

Staff requests single family, multi-family, group quarters (nursing homes/retirement homes), and new business permits for **calendar year 2025**. Submission of additional permit data, such as demolition permits, is welcome and appreciated. GIS files are preferred – Excel files will also be accepted.

Examples of data features that would be helpful include type of permit, address, date of permit, number of units, company name, and ZIP code. Additional information is always welcome.

Please submit data to John Sharp at jmsharp@acogok.org by **Friday, April 10, 2026**.

CENTRAL OKLAHOMA CITY CODE UPDATE PUBLIC MEETING

DATE:

MARCH 12, 2026

FROM:

JOEL DIXON, PE, MRCP, MPA
Special Projects Coordinator

INFORMATION

The City of Oklahoma City is working to update its planning and development code. Oklahoma City's current planning code was written in the 1980s and treats nearly the entire city like a suburb. This one-size-fits-all approach no longer reflects the city's character, needs, or potential.

On Tuesday, March 10, 2026, the City of Oklahoma City is hosting a public meeting at the Belle Isle Library (5501 N Villa Ave, Oklahoma City, OK 73112) from 6:00 p.m. until 8:00 p.m. Please note that this outreach meeting is focused on code changes for Central Oklahoma City residents Residents of Central Oklahoma City are invited to learn more about zoning tools and to provide their feedback on how the city can develop, customize, and refine the code to meet the neighborhood needs of Central Oklahoma City residents.. Future meetings (to be announced) will gather feedback focused on suburban and rural areas of Oklahoma City.

Additional information about the Central Oklahoma City Code Update Public Meeting can be found online at https://vision.okc.gov/code-update/code-update-public-meeting. Information and updates about Oklahoma City's overall code update can be found online at https://vision.okc.gov/code-update.

DISCUSSION OF ZONING CODE UPDATES IN ACOG MUNICIPALITIES

DATE:

MARCH 12, 2026

FROM:

ETHAN MAZZIO
Transportation Planner III - Mobility

INFORMATION

Zoning ordinances establish definitions for the different uses of land and define the areas of a community where a given use of land may be allowable or unallowable. Typically, zoning codes demarcate land uses through three factors:

1. The type of activity taking place on a given parcel of land, such as residential, commercial, or industrial;
2. The shape of a building as it relates to nearby public right of way and surrounding context, such as height; and
3. The bulk of a building as it relates to the land on which it sits, such as its lot setback and orientation

Historically, most zoning codes in the United States have followed the typical "Euclidean" model described above. In recent decades, a rising number of communities have observed negative environmental and socioeconomic effects attributable to the Euclidean model, spurring planners and elected officials to explore modifications and alternatives that best fit their communities' challenges. Today, communities across the country employ a variety of zoning codes, including mixed-use zoning, form-based codes, performance- and incentive-driven zoning, and others.

Ultimately, zoning ordinances play a key role in municipalities, serving as the principal tool by which a community's vision – articulated through a comprehensive plan, corridor plan, or neighborhood plan – is implemented and achieved.

To kick off a conversation about updating zoning codes, Guthrie Planning Director Dan Kassik will present on key provisions and lessons learned during the City of Guthrie's 2025 Zoning Code Update at the March 12 APTAC meeeting.

PRELIMINARY 2050 ACOG TRANSPORTATION MANAGEMENT AREA (TMA) COUNTY AND CITY POPULATION PROJECTIONS UPDATE

DATE:

MARCH 12, 2026

FROM:

JOHN SHARP
Deputy Director

INFORMATION

As part of the development of Encompass 2050, some control totals/guidelines for the 2050 population for the ACOG TMA are required. At the September 2025 MPO Technical & Policy Committee meetings, staff presented county population projections for 2050. These projections were gathered from the Oklahoma Department of Commerce (ODOC), Woods and Poole (W&P) Economics Inc., and past census trend data were used to evaluate future county projections. Preliminary county projections that were selected are highlighted in yellow in Table 1.

For modeling purposes and scenario planning, the population forecasts for city level geography also have to be developed. As a starting point for 2050 population figures, each entity in each county was given the same portion of the county population total, as the 2020 base year. Next, staff looked at the recent population trends back to 2000 to see if this new 2050 population figure was realistic, based on trend data.

In some cases, local entities had comprehensive plans that had future population forecasts. These forecasts were included in Table 2 as a guide and had a wide variety of future year dates. If no forecasts were available, then "None" was listed in Table 2.

The Adjusted 2050 Column was added to provide more realistic estimates of future population forecasts. The 2050 population numbers highlighted in yellow show the adjusted numbers in Table 2. **Additional information has been gathered from Blanchard and Newcastle**. Their Adjusted 2050 numbers were recently updated to reflect their more recent growth trends. The 2050 TMA population total would then reach 1,923,316, an increase of 44.3 percent from the 2020 base year.
