APPROPRIATIONS REQUESTS

RURAL ECONOMIC ACTION PLAN (REAP)

REAP provides grants to small communities, towns, counties, and other organizations serving populations under 7,000 that have little or no funding capabilities.

There are currently 538 municipalities in Oklahoma under 7,000 in population (90% of all Oklahoma municipalities).

REAP grants can be used to fund capital improvements for infrastructure and public facilities, road and street construction and equipment for health and public safety.

In FY 2026 the REAP allocation was \$33 million, funded over 460 projects across the state and was also used to leverage almost \$50 million in funding for Community & Economic Development projects in rural communities.

FY 2027 Recommendation: Increase REAP funding by **\$6 million**, which by statute will distribute equal REAP allocations of **\$3.55 million to all 11 Oklahoma Councils of Government (COGs)**. **FY 27 Allocation:** Stayed at **\$33 million**.

RURAL FIRE DEFENSE PROGRAM

The Rural Fire Defense (RFD) Program supports and equips rural fire departments in protecting lives and property of rural Oklahomans. The Oklahoma Department of Agriculture, Food and Forestry (ODAFF) contracts through Oklahoma Association of Regional Councils (OARC) for the COGs to employ RFD Coordinators who annually certify approximately 875 fire departments across Oklahoma for state operational funding and assist rural fire departments with training, grant writing, inventory and equipment support.

State funding for the RFD program in FY 2026 per COG was \$100,000, which made a huge impact to the program.

FY 2027 Recommendation: Increase the current **\$100,000 to \$125,000 per all 11 Oklahoma COGs** and make it a line item in the State budget through the Oklahoma Department of Agriculture, Food & Forestry.

FY Allocation: Stayed at **\$100,000 per COG.**

SUBSTATE PLANNING DISTRICT PROGRAM

The Substate Planning District Program allows Oklahoma's 11 designated Substate Planning Districts (COGs) to provide planning and technical assistance to local governments. Oklahoma COGs are the primary resource for many local governments to apply for federal and state grants, coordinate efforts to develop capacity to attract business investments and job creation and make the delivery of governmental services more effective.

Substate funding has declined from \$50,000 to its current level of \$27,272.72 for FY 2026. Maintaining adequate Substate funding is necessary for COGs to continue to provide essential intergovernmental services to local governments in their Districts.

FY 2026 Recommendation: Increase Substate planning funding to **\$50,000 per all 11 Oklahoma COGs** and make it a line-item in the State budget through the Oklahoma Department of Commerce.

FY 27 Allocation: Awaiting information from Oklahoma Department of Commerce.
